Preventive health screenings

Nutrition plans for your likes and needs

CVS Health Tracker app

**Managing diabetes?
Extra support is here.**

Transform Diabetes Care

provides the right amount of guidance and support based on your needs and preferences.

With the CVS Health Tracker app, you can monitor your glucose, calories and more. To stay on track, you can message with a health coach and get personalized support from a Certified Diabetes Care Nurse.*

If you're managing diabetes, you're enrolled automatically, so stay tuned for program details – we'll be in touch soon to help you get started.

*Certified Diabetes Care Nurses do not diagnose or treat conditions. Their role is to connect members to appropriate resources and help identify and close gaps in care. Your privacy is important to us. Our employees are trained regarding the appropriate way to handle your private health information.

CVS Specialty and PrudentRx

Pay \$0 for
specialty
medications
with
PrudentRx

NMPSIA is working with PrudentRx to reduce your out-of-pocket costs for specialty medications to \$0

- ✓ Pay \$0 for any medication on your plan's Exclusive Specialty Drug List for as long as you're enrolled – even if there is no copay program available
- ✓ PrudentRx works with manufacturers to get copay assistance for your medications
- ✓ PrudentRx handles all the details for you — no need to worry about renewals or expiration dates

Watch your mailbox for more information. Your enrollment in the program will be started automatically, but some additional steps may be required.* You can choose to opt-out at any time. If you opt-out, you'll have to pay 30 percent of the cost of your medication

Please note: the amount paid for your medication by manufacturers is not applied to your deductible/MOOP.

*Some manufacturers require you to sign up to take advantage of the copay assistance that they provide for their medications – in that case, you must call PrudentRx to participate in the copay assistance for that medication. PrudentRx will also contact you if you are required to enroll in the copay assistance for any medication that you take. If you do not return their call, choose to opt out of the program, or if you do not affirmatively enroll in any copay assistance as required by a manufacturer, you will be responsible for 30 percent of the cost of your specialty medications.

Retail 90

Get the medications you take regularly (such as diabetes, asthma or high blood pressure medications) in 90-day supplies

90-day supplies are more convenient and may cost less

To find a pharmacy in your plan's Retail 90 network, sign in to Caremark.com

Thank you

Legal disclaimers

Products that qualify as preventive services may be available at a lower cost share or no cost share, depending upon your plan, and may change from time to time. Please check your plan benefit materials should you have any questions about your coverage.

Flu shots and vaccines may not be available in all pharmacies at all times. Call for availability and to make an appointment, if needed. Most vaccines require a prescription (except for the flu shot). Contact your medical carrier directly to find what vaccine benefits are available at other medical facilities such as a doctor's office, urgent care, etc.

Certain drug options identified above may be subject to additional prior authorizations or other plan design restrictions. Please consult your plan for further information.

Copayment, copay or coinsurance means the amount a plan member is required to pay for a prescription in accordance with a Plan, which may be a deductible, a percentage of the prescription price, a fixed amount or other charge, with the balance, if any, paid by a Plan.
