| Tim Crone                     | Yes     |
| Pauline Jaramillo             | Yes     |
| Bethany Jarrell               | Absent  |
| K.T. Manis                    | Abstain |
| David Martinez, Jr.           | Yes     |
| Sammy Quintana                | Yes     |

#### Vote carried.

#### 8. Administrative Matters

#### 8. A. Staff Update

Mr. Sandoval informed the Board that Ms. Miraya Pacheco was promoted to the Accountant Auditor Position effective November 23, 2024. NMPSIA looks forward to working with Miraya in her new position and will begin looking to fill the Executive Secretary Position.

#### 8.B. Annual Retreat Discussion

Mr. Sandoval informed the Board that Miraya has contacted several venues and obtained quotes. She reached out to venues in Santa Fe, Albuquerque, Taos, Farmington, Clovis, Las Vegas, and Carlsbad. Mr. Park then opened the floor for discussion on potential dates and locations for NMPSIA's annual retreat meeting. After an open discussion, the top three suggested locations were Hobbs, Santa Fe, and Taos. The possible dates for the

retreat are July 9th and 10th or July 16th and 17th, depending on venue availability at the selected locations.

#### 9. Financial Matters

#### 9. A. Approval of Financial Reports October- 2024 (Action Item)

Mr. Phillip Gonzales, Chief Financial Officer with NMPSIA, presented the Statement of Revenues and Expenditures for the period ending October 31, 2024, for the Employee Benefits Fund. Mr. Gonzales reported revenue of \$32,263,171.61 and expenses of \$39, 556,215.27 for a loss of \$4,293,043.66. Year-to-date revenue was \$133,740,679.35, and expenses were \$148,660,393.31, resulting in a loss of \$14,919,713.96.

Mr. Gonzales presented the Statement of Revenues and Expenditures for the period ending October 31, 2024, for the Risk Fund. Mr. Gonzales reported revenue of \$9,607,972.60 and expenses of \$11,575,406.05 for a loss of \$1,967,433.45. Year-to-date revenue was \$40,784,528.19, and expenses were \$81,955,832.47, resulting in a loss of \$41,171,304.28.

Mr. Gonzales presented the Statement of Revenues and Expenditures for the period ending October 31, 2024, for the Program Support Fund. Mr. Gonzales reported revenue of \$5.00 and expenses of \$142,423.30 for a loss of \$142,423.30. Year-to-date revenue was \$437,749.00, and expenses were \$555,122.58, resulting in a loss of \$117,373.58. The lack of revenue and resulting loss for the month of October is due to a delay in posting the administrative transfer into the program support fund. NMPSIA has received training from the Department of Finance and Administration (DFA) in this area, and revenue will catch up on the balance sheet for October.

Mr. Gonzales presented the Balance Sheet for the Program Support Fund for the period ending October 31, 2024. Total assets were \$711,121.47, total liabilities were \$127,519.75, and total fund equity was \$583,601.72. For the Employee Benefits Fund, total assets were \$31,423,519.26, total liabilities were \$46,476,922.81, and total fund equity was negative \$15,053,403.55. For the Risk Fund, total assets were \$160,785,494.66, total liabilities were \$213,660,290.89, and total fund equity was negative \$52,874,796.23. Overall, the agency had a total of \$192,920,135.39 in assets, \$260,264,733.45 in liabilities, and a negative \$67,344,598.06 in fund equity.

A motion was made for Approval of Financial Reports for October 2024 as presented.

Motion: T. Ruiz

Second: C. Parrino

A roll call vote was taken.

Ms. Roybal called roll.

Al Park, President

| Chris Parrino, Vice-President | Yes    |
|-------------------------------|--------|
| Trish Ruiz, Secretary         | Yes    |
| Denise Balderas               | Absent |

| David Martinez, Jr.           | Yes    |
| Sammy Quintana                | Yes    |

#### Vote carried.

#### 9. B. Update of Review NMPSIA Long-Term Investment Policy Statement

Mr. Gonzales provided an update to the Board regarding the review of the NMPSIA Long-Term Investment Policy Statement. The committee held a meeting with the investment advisors, Meketa, on November 19th. During this meeting, Mr. Jared Pratt and Mr. Paul Cowie from Meketa presented recommendations for the policy statement. The committee plans to meet one more time and anticipates having a recommendation for the updated investment policy statement ready for the next Board meeting.

#### 9. C. Investment Performance Review for the Quarter Ended September 30, 2024

Mr. Paul Cowie and Jared Pratt with Meketa discussed the Executive Summary as of September 30, 2024. The Benefits Fund was valued at \$22.2 million and the Risk Fund was valued at \$23.1 million. During the third quarter, the Benefits Fund returned 6.0% and the Risk Fund returned 6.1%. This brings their YTD return to 12.5% and 12.2%, respectively. A rebalance was done to bring asset classes within their respective policy ranges and a withdrawal was made from the Benefits Fund.

#### 10. Benefits Matters

#### 10. A. Approval of Stop Loss Renewal (Action Item)

Ms. Debbie Donaldson from Segal presented the Stoploss Agreement. Currently, NMPSIA's Stoploss has a \$1 million Individual Specific Limit (ISL) and a \$500,000 Aggregating Specific Limit (ASL), with a premium of approximately \$2.7 million. The renewal came with a 26% increase, meaning that, using the same ISL and ASL limits, the new premium will be about \$3.4 million.

Additionally, the Stoploss vendor offered a slight reduction on the premium for the \$2 million ISL, lowering it from \$4.67 to \$3.98. This represents a reduction of 60% compared to the current premium, which saves \$186,000 from the original quote.

A motion was made for Approval of the Stop Loss Renewal for the \$2 million Alternative Design as presented.

#### **10. B. NADAC Pricing Information and Background**

Ms. Donaldson introduced Dr. Kautook Vyas who presented on the NADAC Pricing Information and Background. There are three pricing models, the first model is the Traditional Pricing which the Pharmacy Benefit Manager (PBM) invoices the plan sponsor based on contracted discounts but may differ from what the PBM reimburses pharmacies due to varying agreements. Usually results in a lower to no administration fee to the Plan Sponsor. The second model is the Pass-Through Pricing, where the PBM invoices the plan sponsor an amount that equals its reimbursement to the dispensing pharmacy. PBM's often charge an administrative fee for each prescription processed. The third model is the NADAC Pricing, the PBM invoices the plan sponsor and reimburses the pharmacy based on National Average Drug Acquisition Cost (NADAC) that is published by the Centers for Medicare & Medicaid Services (CMS). This pricing comes with higher administrative fees and does not follow typical guarantees.

All three models have their pros and cons. The Traditional Pricing model pros are often simple contracting, little to no administration fees and greater incentive for the PBM to negotiate with network pharmacies. Unfortunately, there is a lack of transparency on the true amounts paid to the network pharmacies and this may cause network pharmacies to leave the network. Pass-Through Pricing is easy to understand and explain and provides clarity to pharmacies on what is being reimbursed. There are usually higher administrative fees and the PBM has a less incentive to keep pressure on network pharmacies for lower drug costs. NADAC Pricing reflects average acquisition costs, promoting fair pharmacy

reimbursement and reduces pricing variability across pharmacies. Due to lag time, prices may not reflect real time market changes. Limited pharmacies report a limited number of drugs (no specialty) into NADAC and broad application becomes difficult.

#### 10. C. NADAC Pricing Analysis

Ms. Donaldson presented the projected pricing under NADAC using claims data from August 2023 through July 2024. Segal repriced claims and compared current year pricing to NADAC pricing. The projections show the current pricing is \$60,373,000, NADAC estimated pricing would be \$62,897,000 which would increase the cost by \$2,524,000. NADAC tends to be beneficial for small entities that don't have the purchasing power that bigger agencies have.

#### 10. D. SHAPE Report

Ms. Donaldson introduced Ms. Melissa Krumholz who presented the Shape report. Medical trend is at 7%, which is in line with the industry trends. It is relatively higher than last year due to higher spend on in-patient hospital claims and drugs dispensed under the medical benefit. Mental health conditions were a significant source of in-patient costs. Increases in utilization for several cancer drugs also caused an increase in costs. Pharmacy trends were high at 18.7% however it was lower than last year, which was 19.5%. The high trends are due to high-cost prescriptions that treat autoimmune conditions, diabetes and obesity which include GLP-1s such as Ozempic and Mounjaro. The number of GLP-1's more than tripled as did the Plan's total and PMPM spend on these drugs. Suggestions to lower the cost would be monitor the GLP-1's utilization. Ms. Krumholz suggested to work with vendors to continue to boost compliance for preventive care and emergency room visits. Medical and Pharmacy Financial trends did increase but are staying steady. Costs are coming from in-patient and Emergency Room claims.

#### 10. E. Fiscal Year 2026 Projections and Premium Rate Setting Review

Ms. Donaldson presented the Fiscal Year 2026-2030 projections. For fiscal year 2025 there is a projected loss of \$15.3 million. Of this loss \$10.6 million has already incurred through September 2024. October premium increases are helping mitigate some of the month-to-month losses for the remainder of the year. The loss is due to recent prescription claims, medical high-cost claimants, members migrating from the High to Low option plan and impact of mandated legislative changes. Looking at projections using a 7% medical trend assumption and a 14% pharmacy trend show a loss for fiscal years 2025, 2026 and 2027. However by fiscal year 2028 the fund balance could have a gain with an increase in premiums. The fund balance could get to zero in fiscal year 2026 if a 14% increase is applied in October 2025 and then it would balance out the next few years. If appropriation funds are given in the future, an increase of 10% would get the fund balance back to a positive balance.

#### 10. F. Benefit Plan Design Committee Update

Ms. Martha Quintana, Deputy Director with NMPSIA, reported on the Benefit Design Committee Update. The committee consists of Mr. Parrino, Mr. David Martinez Jr., Ms. Pauline Jaramillo and Ms. Bethany Jarrel. The committee met with staff and Segal on November 14<sup>th</sup> and November 21<sup>st</sup> to discuss the presentation from last month's meeting. Everybody shared their thoughts and ideas on what direction NMPSIA would like to follow for the benefits plan designs.

Mr. Parrino stated they are wanting to make the Low option plan an actual Low option Plan because right now it is too similar to the High option. Mr. Parrino wants to focus on the lifestyle drugs that might not be medical necessary to the members that are taking them. Mr. Martinez, Jr. agreed these were the two biggest concerns.

Ms. Donaldson presented the benefit design comparison showing that NMPSIA is in line with other entities. Some changes that the committee agreed on were change the emergency room visits for the High and Low option from \$450 to \$550, eliminate the Exclusive Provider Organization (EPO) Plan, increase the Low option out of pocket maximum, add a lifestyle drug tier for weight loss and Erectile Disfunction (ED) drugs, and update the pharmacy tier for Low option. With the plan design changes, NMPSIA would be on the lower end on the relative value comparison chart, compared to the other entities. Other considerations were offering a High option Plan only, converting High option to an Health Maintenance Organization (HMO)/EPO and keeping Low option PPO, converting Low option to an HMO/EPO and keeping High option PPO, Scenario H and Alternative Scenario H1 presented would be to increase deductibles and out of pocket expenses.

#### 10. G. Behavioral Health Claim Demographic Statistics

#### **10.G.1. Blue Cross Blue Shield Medical**

Ms. Lisa Guevara, with Blue Cross Blue Shield Medical, reported on Behavioral Health Claims Demographic Statistics. Behavioral Health services did increase from a total cost perspective from 3.6% to 4.1%. The cost associated with that also increased 18.08%. Mental Health increased 21% and Substance Abuse decreased by 5%. Mental Health costs are mostly for outpatient professional services and Substance Abuse costs are mostly for residential treatment centers. The total Behavior Health spend was \$7.5 million. The top diagnosis for treatment is anxiety and fear related disorders and the highest cost is for depression. Those utilizing Behavioral Health services are the Generation (middle 20's generation)followed by Millennials and Adolescents.

#### 10.G.2. Presbyterian

Mr. Steve Valdez, with Presbyterian reported on Behavioral Health Claims Demographic Statistics. Information is from July 2023 to June 2024. The highest utilizers are the ages of 18 to 44 year-olds. Claims for females were at 1,758 for a total paid of \$3,652,913.74 Services that had the highest utilization were Alcohol/Drug Abuse, Maternity Non-Delivery, Medical inpatient facilities and outpatient Professional services for Psychiatric,

Substance Abuse, and other Psychiatric services. Claims for the male population were at 9,609 with a total paid of \$1,716,393.73. Services that had the highest utilization were for Alcohol/Drug Abuse and Psychiatric in-patient and outpatient services. Members are utilizing Talkspace, however Presbyterian needs to reach out to members to utilize more of these services.

#### **10.H. Statistics on Dental Providers Accepting New Patients**

#### **10.H.1. Blue Cross Blue Sheild Dental**

Ms. Lisa Guevara introduced Mr. Joe Allegretti who provided information on the providers who are accepting new patients. The report was by county showing that various providers in different counties are accepting new patients and it would be rare for a provider to not accept a new patient at this time. There are three counties, Harding County, Union County and Quay County do not have any contracted providers at this time.

#### 10.H.2. Delta Dental

Mr. Anthony Moya, with Delta Dental, introduced Ms. Jessica Taylor who provided information on the providers who are accepting new patients. Currently there are approximately 987 providers in the state, 88 of those are not contracted, however 834 are accepting new patients. For the counties that do not have access to providers, they offer Teledentistry. Mr. Moya stated that they will work on updating the website to share the most up to date information in the next few months.

#### **10.H.3. United Concordia Dental**

Ms. Stephanie Anthony, with United Concordia, reported that they have a provider and office level to distinguish who is accepting new patients. About 10% of providers are not accepting new patients.

#### 10. I. Open/Switch Enrollment Update

Ms. Kathy Payanes, Vice-President and Account Manager with Erisa, reported that they just completed the annual Open and Switch Enrollment which took place from October 1<sup>st</sup> through November 1<sup>st</sup> with an effective date of January 1, 2025. During Open Enrollment employees are allowed to add medical, dental or vision coverage or add dependents. For Switch Enrollment employees can switch carriers or Plan options. There was an increase in Open Enrollment for employees adding medical, dental and/or vision coverage. Many employees did Switch from the higher-cost carriers to the lower cost carriers for medical and dental coverage.

#### 10. J. IBAC Update

Ms. Kaylynn Roybal, Benefits/Wellness Coordinator with NMPSIA, reported that IBAC met on November 12, 2024. The Claims Integrity Audit RFP was completed and will be

finalized and the target date for posting the RFP in the second week of December. The meeting also included a review of the employer/employee contribution structures for each agency. The IBAC is still discussing the best approach for PBM procurement. Carriers will provide an update for the December meeting.

#### 10. K. Wellness Update

Ms. Roybal reported the Wellness update which was a recap for Walktober 2024. It is a month-long walking challenge that took place from October 1<sup>st</sup> through October 31<sup>st</sup>. Participants liked the challenge because of the accountability, appreciation of the program, quality time with family, and encouraging a consistent effort. Many positive remarks were made. Participants felt supported and continued routines after the challenge.

#### 11. Risk Matters

#### **11. A. Higher Education Pool (Action Item)**

Mr. David Poms with Poms & Associates presented a request to the RAC proposing to separate the higher educational institutions from the K-12 schools within the Risk Program. With the recent higher education additions to the Risk Program, the reinsurers have expressed concerns related to dorm exposures. In higher education meetings in years past, there were discussions to split the two programs because of reservations the K-12 schools and charter schools had in sharing losses with the higher educational institutions. Mr. Poms suggests that NMPSIA implement the separation of the programs to take effect tentatively July 1, 2025. Mr. Poms will be requesting actuarial reports from Pinnacle Actuarial Resources this week and will then present the data findings at the February 6, 2025, Board meeting, at which a decision can be made. Mr. Poms also suggested, if the split is approved, that we establish a subcommittee to analyze the incoming higher education claims that differ from the K-12 claims.

A motion was made to approve the request to establish a Higher Education Pool as presented.

Absent Yes Absent Absent Yes

Motion: T. Ruiz

Second: D. Martinez Jr.

A roll call vote was taken.

Ms. Roybal called roll.

#### Vote carried.

#### 11. B. Approval of Amendment to Pinnacle Agreement (Action Item)

Mr. Sandoval presented a request from staff to approve an Amendment to the Pinnacle Actuarial Resources Agreement. The purpose of the Amendment is to establish a higher education pool structure for NMPSIA's higher educational institutions. The Amendment amends the scope of work to add a one-time special study in FY25. In addition, segmentation as needed between Higher Ed Members, former RMD Members, and all other Authority Members to correctly reflect NMPSIA's current pool structure in place as of the evaluation date of the analysis and complete loss stratification exhibits and perform a funding and loss reserve analysis distinguishing Higher Educational Members from all other members.

A motion was made to Approve the Amendment to the Pinnacle Agreement as presented.

Motion: S. Quintana

Second: T. Ruiz

A roll call vote was taken.

Ms. Roybal called roll.

#### 11. C. TPA Reports

#### 11. C. 1. Property and Liability Monthly Claims Report

Mr. Steve Vanetsky with CCMSI reported on the October 2024 Property and Liability Monthly Claims Report. Liability had 458 open claims, 42 new claims, and 51 claims were closed. Reserves for October 2024 were \$68,055,165.37 and payments were \$28,558,547.32 for a total of \$96,613,712.69. Property had 64 open claims, 9 new claims, and 14 claims were closed. Reserves for October 2024 were \$38,782,317.38 and payments were \$45,327,210.85 for a total of \$84,109,528.23

#### 11. C. 2. Property and Liability Large Losses

Mr. Vanetsky reported no large property losses for the month of October 2024.

Mr. Vanetsky reported two Liability claims, the first was for a bodily injury that occurred in November 2023. The reserves were recently increased for an additional surgery. The second reported Liability claim is related to sexual molestation, with significant implications that will be reported to the excess carrier.

#### 11. C. 3. Worker's Compensation Monthly Claims Report

Mr. Jerry Mayo with CCMSI reported on the October 2024 Workers' Compensation Monthly Claims Report. There were 1,073 open claims, 52 reopened claims, 302 new claims, and 308 claims were closed. Reserves were \$14,799,976.15 and payments were \$50,066,654.12 for a total of \$64,866,630.27

#### 11. C. 4. Workers' Compensation Large Losses

Mr. Mayo reported one large loss in October 2024 that exceeded \$50,000. A worker at Eastern New Mexico University sustained a whiplash injury on January 19, 2022, while driving an all-terrain vehicle. The employee was struck by a trailer operated by another University worker. The total loss for the incident was \$50,300.

#### **11. D. Workers' Compensation Statistics**

Mr. Richard Cangiolosi with CCMSI reported on the bi-annual totals for Workers' Compensation from July 2024 to November 2024. The annual cap per the contract with CCMSI for Workers' Compensation is \$400,000. Total charges as of December 2, 2024, were \$6,028,902.92. The total reduction, less the duplicate bills received, was \$3,844,172.10, and the total fees billed by CCMSI were \$119,356.42. NMPSIA's net savings for July 2024 to November 2024 were \$3,724,815.68.

Mr. Cangiolosi also reported on the bi-annual totals for Nurse Case Management from July 2024 to November 2024. A total of 127 claims were billed at \$115,169.76, which is below the cap on the contract of \$300,000.

#### 11. E. Loss Prevention Update

Mr. Larry Vigil with Poms & Associates presented the Loss Prevention Abatement report for October 2024. The total number of recommendations that were followed up on within the month were 157, and 136 were corrected for an 86.45% abatement on non-capital.

Ms. Julie Garcia with Poms & Associates presented an update on the New Mexico Activities Association (NMAA) coaches training video which has gone live. NMAA and Poms & Associates have both sent out notices about the training and anticipate a larger engagement in the coming months. Ms. Garcia also informed the RAC of plans to have a student video contest where students would film and direct videos focused on sexual assault and molestation, as well as mandatory reporting. These videos, if approved, could be used as advertisements for other schools to encourage participation.

Ms. Garcia shared an update on Angelique Sedillo's Healthy Relationships training. After her recent training in Taos, she challenged the students to make a poster about healthy relationships. One student brought in a poster she made with detailed statistics, including graphs and real-life scenarios. This example highlights how impactful this training program has been for the students

#### 12. General Discussion

Mr. Parrino expressed his gratitude and appreciation for the NMPSIA staff, vendors, and members, wishing everyone a happy holiday season. Mr. Park echoed Mr. Parrino's sentiments, adding that the holidays are a time to reflect on the good work that has been accomplished and the hard work that lies ahead.

#### 13. Next Meeting Date and Location: Thursday, February 6, 2025 Location: Poms & Associates, 201 3<sup>rd</sup> Street, Suite 1400, and a virtual option (Action Item)

A motion was made to approve the next meeting date and location as presented.

Motion: D. Martinez Jr.

Second: S. Quintana

Ms. Roybal called roll.

Patrick Sandoval Executive Director

Martha Quintana Deputy Director

December 10, 2024

Greetings valued NMPSIA partners,

From the regular updates provided over the past year and a half at the New Mexico Public Schools Insurance Authority (NMPSIA) Board of Directors meetings, you may be aware that NMPSIA recently underwent extensive rule changes. These updates are a significant part of the Authority's ongoing efforts to enhance both its internal operations and ensure compliance with current standards.

NEW MEXICO PUBLIC SCHOOLS INSURANCE AUTHORITY Office of Executive Director

410 Old Taos Highway

Santa Fe, New Mexico 87501

1-800-548-3724 or 505-988-2736

505-983-8670 (fax)

The updates primarily consist of the implementation of gender-neutral pronouns to promote inclusivity and ensure compliance with evolving standards. In addition to these pronoun adjustments, several grammatical errors that were previously overlooked have been corrected. These revisions aim to eliminate ambiguity and improve the clarity and accuracy of the language used in the NMPSIA rules.

There have been important modifications to the language that governs the operation of our Benefits and Risk programs. These changes are intended to improve the efficiency, transparency, and overall administration of these programs. The revisions may impact how policies are applied and could involve adjustments in the procedures for coverage, claims, and risk management.

Attached to this message, you will find the updated NMPSIA Rules, with clear indications of the changes made to the language. We ask that you take the time to thoroughly review these revisions and ensure that the appropriate parties within your organization are informed of these changes.

We greatly appreciate your proactive engagement in implementing these changes. Your attention to detail and cooperation is essential in ensuring a smooth transition to the new rules.

Thank you once again for your continued partnership and dedication to the NMPSIA membership.

|             | and Organization Controls (SOC) Reports        | Current Year | New       | В        |

\*Legend for Type of Findings

Section II - Financial Statement Findings

- A. Material Weakness in Internal Control Over Financial Reporting
- B. Significant Deficiency in Internal Control Over Financial Reporting
- C. Finding that Does Not Rise to the Level of a Significant Deficiency (Other Matters) Involving Internal Control Over Financial Reporting
- D. Instance of Non-compliance Material to the Financial Statements

Section III - 12-6-5 NMSA 1978 Findings

E Other Non-compliance Required to be Reported per Section 12-6-5 NMSA 1978

### New GASB Standards (Upcoming Effective Dates)

### Fiscal Years Beginning After

No. 104 Capital Assets

## New GASB Standards – cont.

Fiscal Years Beginning After December 15, 2023

| Statement            | Description   |
|----------------------|---|
| Statement 101        | Since Statement 16, Accounting for Compensated Absences, was issued in 1992,      |
| Compensated Absences | benefit practices have evolved, resulting in inconsistent application of guidance |
| Issued: June 2022    | and a lack of guidance for new leave types. Statement 101 creates a unified       |
|                      | model for recognition and measurement for all types of compensated absences       |
|                      | and eliminates certain previously required disclosures.                           |
|                      |   |
|                      |   |

## Fiscal Years Beginning After June 15, 2024

| Statement                | Description  |
|--------------------------|--|
| Statement 102            | Statement 102 requires governments to disclose information about certain   |
| Certain Risk Disclosures | concentrations or constraints that could affect services provided or the ability to  |
| Issued: December 2023    | meet obligations as they come due. The statement includes four nonauthoritative<br>examples of concentrations and constraints, including a financial resource<br>provider, collective bargaining, mandated spending, and an employer<br>concentration. |

## New GASB Standards – cont.

Fiscal Years Beginning After June 15, 2023

| Statement  | Description   |
|--|---|
| <b>Statement 103</b><br>Financial Reporting Model Improvements<br>Issued: May 2024     | Statement 103 updates requirements for management's discussion and analysis,<br>unusual and infrequent items, proprietary fund statement, component unit, and<br>budget presentation. |
| <b>Statement 104</b><br>Disclosure of Certain Capital Assets<br>Issued: September 2024 | Statement 104 requires capital assets held for sale, intangible assets, lease assets, and subscription assets to be broken out separately in note disclosure.                         |

> RE: Amendment 1 - Effective July 1, 2024 Professional Services Agreement Workers Compensation Third-Party Claims Administration Services Date of Agreement: July 1, 2023 Agreement No. 342-2023-05

Dear Mr. Cangiolosi:

This letter shall constitute an Amendment to the above-captioned Agreement between the New Mexico Public Schools Insurance Authority, hereinafter referred to as the "Authority," and Cannon Cochran Management Services, Inc (CCMSI), referred to as the "Contractor," and is effective as of the dates shown herein.

The Agency and Contractor entered into a Professional Services Agreement for Property and Liability First and Third-Party Claims Administration Services ("Agreement") effective July 1, 2023. The Agency and Contractor wish to amend their Agreement with the amendments set out herein.

- 1. Exhibit A Performance Measures will be replaced in its entirety.
- 2. This Amendment has been signed this 6<sup>th</sup> day of February 2025 and shall be in effect from July 1, 2024, to June 30, 2027.

Follow Up Incident Flag Red (High) was added by IRC Agent #8

## What We See...

- Mental wellness activities through our solutions are materially higher in SY 24-25
- Students were nervous in the weeks following the Georgia School Shooting
- Emergency escalations in our Crisis Center more than doubled historic norms during this time period
- Activity has since stabilized but remains elevated

# Plan Design Considerations

December 2024 BAC/Board Meetings

© 2024 by The Segal Group, Inc.

### Plan Design Recommendations– Projected Impact Assume all changes effective 1/1/26

Current Plan RV's: High Plan = 82.8%, EPO (OON adj) = 83.1%, Low Plan = 79.3%

| Plan Changes  | RV Change                  | FY2026        | FY27          |
|---|----------------------------|---------------|---------------|
| Move Emergency Room Visits to \$550 from \$450 (High and Low Option)  | -0.2% High; -0.1% Low      | (\$491,000)   | (\$1,051,000) |
| Eliminate EPO Plan (assume 77% High/ 23% Low Option Migration)*   | -0.3% High; -4.5% Low      | (\$18,000)    | (\$38,000)    |
| Low Option PPO: increase in-network out-of-pocket maximum to \$5,500/\$11,000 (Employee/Family)   | -1.8%                      | (\$574,000)   | (\$1,228,000) |
| Add a Lifestyle Drug Tier (weight loss and ED drugs) – no utilization reduction   | -0.2%                      | (\$553,000)   | (\$1,261,000) |
| 20% utilization reduction   | -0.5%                      | (\$1,063,000) | (\$2,425,000) |
| 30% utilization reduction   | -0.7%                      | (\$1,595,000) | (\$3,637,000) |
| Increase retail preferred to maximum \$75; 2x retail for mail   | -0.7%                      | (\$1,723,000) | (\$3,929,000) |
| Update Rx tier for Low Option<br><i>Retail</i> - Generics: \$15; Preferred Brand: 30% with \$45-\$112;<br>Non-Preferred Brand: 70%; <i>Specialty-</i> Generic: \$55; Preferred Brand:<br>\$120; Non-preferred Brand: \$170; <i>Mail order = 90 day retail</i> | -0.6%                      | (\$304,000)   | (\$693,000)   |
| Total Projected Savings   | -1.18% High;<br>-2.78% Low | (\$3,306,000) | (7,382,000)   |

Notes: RV = Relative Value

Projected impacts based on total plan paid

These values are not all additive and combination could result in a lower savings impact

\*An additional savings of \$66k and \$142K in FY26 and FY27, respectively, is projected associated with increased contributions with moving to other plan options.

# **Updated Drug Tiers**

|  | Current Plan                               | Suggested High Option | Suggested Low Option                            | Lifestyle Drug Tier (High<br>and Low Options)       |

| Alternative Plan H1 (see next slides)                    | -2.98% High;<br>-4.45% Low             | (\$5,288,000) | (\$11,315,000) |

Notes: RV = Relative Value

Projected impacts based on total plan paid

These values are not all additive and combination could result in a lower savings impact

\*After reflecting member contributions, plan costs are offset by additional member contributions resulting in \$308k and \$684k in savings for FY26 and FY27, respectively.

These member contributions reflect Affordability. .

> RE: Amendment 7 - Effective February 6, 2025 Professional Services Agreement for Benefits and Actuarial Consulting Date of Agreement: January 1, 2023 Agreement No. 342-2023-02

Dear Ms. Donaldson:

This letter shall constitute an Amendment to the above-captioned Agreement between the New Mexico Public Schools Insurance Authority, hereinafter referred to as the "Agency," and The Segal Company, referred to as the "Contractor," and is effective as of the dates shown herein.

The Agency and Contractor entered into a Professional Services Agreement for Benefits and Actuarial Consulting ("Agreement") effective January 1, 2023. The Agency and Contractor wish to amend their Agreement with the amendments set out herein.

- 1. Add to Section 2.A (Compensation) to read as follows:
  - A. The Agency shall pay the Contractor a fixed fee retainer in the amounts shown below for each calendar, including gross receipts tax, to be paid in twelve (12) equal monthly installments.
    - 2. The additional compensation payable to the Contractor under the Amendment for item 28. PBM Post-Audit Analysis Services, added to the Scope of Work, shall not exceed \$15,000 including gross receipts tax.
    - 3. The additional compensation payable to the Contractor under the Amendment for item 29. CVS Caremark (CVS) Post-Implementation Audit Services, added to the Scope of Work, shall not exceed \$66,500 including gross receipts tax.

- 4. The additional compensation payable to the Contractor under the Amendment for item 30. Initial Phase, Limited-Scope Mental Health Parity and Addiction Equity Act (MHPAEA) Compliance Review, added to the Scope of Work, shall not exceed \$53,500.00, including gross receipts tax.
- The additional compensation payable to the Contractor under the Amendment for item 31. CVS Caremark (CVS) Pharmacy Benefit Manager (PBM) Market Check, added to the Scope of Work, shall not exceed \$18,000.00, including gross receipts tax.
- 6. The additional compensation payable to the Contractor under the Amendment for item 32. Medical Benefits Summary Document Development, added to the Scope of Work, shall not exceed \$120,000.00, per deliverable as described in table A.6.a, including gross receipts tax.

> RE: Amendment 8 - Effective February 6, 2025 Professional Services Agreement for Benefits and Actuarial Consulting Date of Agreement: January 1, 2023 Agreement No. 342-2023-02

Dear Ms. Donaldson:

This letter shall constitute an Amendment to the above-captioned Agreement between the New Mexico Public Schools Insurance Authority, hereinafter referred to as the "Agency," and The Segal Company, referred to as the "Contractor," and is effective as of the dates shown herein.

The Agency and Contractor entered into a Professional Services Agreement for Benefits and Actuarial Consulting ("Agreement") effective January 1, 2023. The Agency and Contractor wish to amend their Agreement with the amendments set out herein.

1. Pursuant to Section 1 (Scope of Work), the Contractor will provide:

33. Network Re-Pricing at a Percentage of Medicare

- A. The Contractor will convert current claims to a Medicare equivalency percentage will incorporate the following work:
  - Review of latest twelve months of claims data compared to Medicare. Segal will provide Green Light (a Segal third-party vendor partner for claims re-pricing under a percentage of Medicare) with NMPSIA SHAPE data to perform the conversion of claims to Medicare equivalencies. Segal has the appropriate data confidentiality agreements (BAA) in place with Green Light. Segal will incorporate minimum necessary standards in this data sharing.

- 2. Repricing of eligible claims according to Medicare Fee Schedules, as published by the Centers for Medicare and Medicaid Services (CMS).
  - a. Medicare re-pricing may not be available for non-Medicare participating providers, provider type, or healthcare services not covered by Medicare.
  - b. Repricing shall be based on Medicare Fee Schedules which were effective at the time services were rendered to the patient.
- 3. Once Green Light provides results of the Medicare equivalency repricing, they send the model output results to Segal. Segal will then perform additional analysis per NMPSIA's request:
  - a. Analyze and provide detailed service categories, including splits between inpatient facility, outpatient facility, and professional services.
  - b. Provide results by geographical location:
    - i. Albuquerque
    - ii. Northern NM (excluding Albuquerque)
    - iii. Southwest NM
    - iv. Southeast NM
    - v. Out of State Providers
  - c. Summarize results by highest cost Hospitals and identify outliers.
- 4. After completing this analysis, Segal will provide NMPSIA with a report containing details of the results. Segal can also provide additional ad hoc analyses on the Medicare equivalency results as requested and needed and within reason.
  - a. These may include focusing on specific services, or providers, or valuing the impact of implementing a payment strategy that included a floor or cap at a set percentage of Medicare.
- 2. Pursuant to Section 2 (Compensation):
  - A.7. The additional compensation payable to the Contractor under the Amendment for item 33. Network Re-Pricing at a Percentage of Medicare, added to the Scope of Work, shall not exceed \$25,500 including gross receipts tax.

IN WITNESS WHEREOF, the undersigned have duly executed this Amendment as of the date first written above.

The New Mexico Public Schools Insurance Authority Analysis of Medical Claims Processing and Payment Procedures by Presbyterian Audit Period: January 1, 2023 through December 31, 2023 Final Draft Report

January 28, 2025 / Jennifer Lagua

January 28, 2025

Patrick Sandoval Executive Director 410 Old Taos Highway Santa Fe, NM 87501

#### Re: Medical Claims Audit for New Mexico Public Schools Insurance Authority

Dear Patrick:

On behalf of the New Mexico Public Schools Insurance Authority (NMPSIA), Segal's Benefit Audit Solutions Practice (Segal) completed a review of the medical health benefit plan administered by the Presbyterian Health Care Services (Presbyterian), for the period of January 1 through December 31, 2023. The audit includes an assessment of Presbyterian adjudication procedures and a random sampling of stratified statistical claims.

The following report presents the details and results of the review process.

Once you have reviewed this report, please let us know if you have any questions.

Sincerely,

Jennifer T. Lagua Senior Consultant, Audits

Jernifer I. Jaqua

### Section 1 — Executive Summary

This report summarizes Segal's review of the claims processing and payment procedures utilized by Presbyterian Health Care Services (Presbyterian), in its administration of the New Mexico Public Schools Insurance Authority (NMPSIA) group medical benefits. Jennifer Lagua of Segal's Benefit Audit Solutions (BAS) Practice conducted the remote audit during the week of October 7, 2024.

The audit encompassed a total sample of 105 random, stratified statistical claims for the audit period of January 1, 2023 through December 31, 2023. The 105 sample claims equated to \$6,214,662.74; or 5.75% by cost, of the \$108,090,316.08 total claims for the audit period.

Overall, Segal identified \$224.07 in overpayments and \$36.46 in underpayments, which is outlined under Key Findings and Recommendation section.

Segal's audit included the following review components.

- A random, stratified sample of 105 statistical medical claims to measure validity in the financial dollar value and incidence.
- A Measurement of the time-to-process claims from receipt of claim to the initial date processed for payment or denial.
- An adjudication procedure review to assess day-to-day processing guidelines and claim control measures.

### **Statistical achievement categories**

As illustrated in the chart below, Presbyterian met performance guarantees and industry standards in all categories except for Timeto-Process within 14 and 30 calendar days. The audit period accuracy results do not include out-of-sample claims.

| Category  | Statistical<br>Achievement | Performance<br>Guarantees | Industry<br>Standards |
|---|----------------------------|---------------------------|-----------------------|
| Financial Accuracy (dollar value)                   | 99.76%                     | 99.00%                    | 99.00%                |
| Payment Accuracy (Free from<br>financial error)     | 98.99%                     | N/A                       | 97.00%                |
| Procedural Accuracy (free from<br>processing error) | 100.00%                    | N/A                       | 95.00%                |
| Overall Processing Accuracy (Free from error)       | 98.99%                     | 95.00%                    | 95.00%                |
| Time-to-Process<br>(within 14 calendar days)        | 86.75%                     | N/A                       | 95.00%                |
| (within 30 calendar days)                           | 92.10%                     | 97.00%                    | 100.00%               |

### Performance Guarantees Table

**Note:** Time-to-Process achievement was calculated on 100% of the claim's population for the audit period and does not take adjustments into account. This calculation does not measure clean claims only.

NA = not applicable

### Key findings and recommendations

The following issues summarize the primary findings identified by Segal's auditor during the claims review. Presbyterian was presented with the draft report on December 12, 2024 for its review and comment. Presbyterian did not provide a formal response; therefore, the NMPSIA requested that Segal release the final report without Presbyterian's formal response. On January 20, 2025, NMPSIA requested Presbyterian to provide a formal response. As of this report release, Presbyterian has not provided a formal response.

| Medical Audit Findings<br>Summary Issue   | Audit Findings<br>(In and Out of Sample)<br>Overpayments | Audit Findings<br>(In and Out of Sample)<br>Underpayments | Audit Findings<br>(In and Out of Sample)<br>Number of Sample Claims |
|---|--|---|---|
| Issue 1: Maternity Care                   | \$224.07   |   | 1   |
| Issue 2: Birth control - no<br>cost share |  | -\$36.46  | 1   |
| Issue 3: Plan Intent                      | N/A  | N/A   | 2   |
| Total                                     | \$224.07   | -\$36.46  | 4   |

### Statistical and Target Audit Findings Summary Chart

An Out-of-Sample finding is identified as a claim that is not sampled but identified through a sampled member's claims history.

Details regarding the identified deviations can be found in the claim sample error table in Section 3 of this report.

Based upon the review, Segal recommends:

- Segal recommends NMPSIA discuss with Presbyterian the prenatal care benefits.
  - Maternity Benefits: Presbyterian applied the \$70 outpatient hospital test copay to a maternity claim. The claim was billed with
    maternity diagnosis codes and procedures; therefore, this claim should have been covered under the maternity benefit which is
    subject to 25% coinsurance. Based on review of plan document, Segal believes outpatient labs in this instance would fall under
    the maternity benefit of 25% coinsurance not a \$70 copay.
- NMPSIA request financial impact reports on the claims that were auto adjudicated.
  - Maternity Benefits: Presbyterian applied a \$70 copay instead of 25% cost share. (Issue 1)
  - Birth Control: Presbyterian applied a cost share and should have been paid at 100% of allowed amount. (Issue 2)
- NMPSIA to provide clarity to Segal and Presbyterian the Plan's intent regarding:

- Rehabilitation services requiring a preauthorization to avoid financial penalty. The SBC notes require preauthorization, and the SPD is silent on this benefit. Presbyterian is not obtaining prior authorizations for physical therapy services. (Issue 3).
- Imaging (CT/PET scans, MRIs) are subject to \$600 copayment per day or 20% of the Plan's allowed amount. Deductible does
  not apply. Clarification is needed when two separate MRIs were performed on the same day on whether the deductible is applied
  on a per day or per line-item basis. (Issue 3).

### Section 2 — Audit Details

Presbyterian provided an electronic data file of all medical claims processed and paid during the 12-month period of January 1, 2023 through December 31, 2023. The objective of the review was to ensure that claims were paid in accordance with the NMPSIA's plan provisions.

The auditor completed a form for each sampled claim serving as the primary documentation on which the report is based. To maintain patient confidentiality, claims addressed within this report are referred to as "Worksheets." These worksheets (1-105) are further distinguished with an alphabet character (A-H) that identifies the respective payment tier in the statistical analysis. The auditor reviewed each claim from receipt to release for check disbursement to identify any variances in procedures and benefit determination.

### **Review process**

Presbyterian provided a copy of the sampled claim submissions and access through its Claim System. Auditor recalculated and reviewed each claim manually from initial receipt to final benefit determination seeking evidence of compliance with established adjudication procedures and benefit provisions. In addition to verifying the amount paid, evidence of the following processing tasks was explored.

- Claims were paid only on behalf of eligible individuals based on records contained in the claims system.
- Documentation (i.e., provider bills, physician statements, utilization review decisions or penalty findings, surgical reports, etc.) is on file for claims paid and verified when necessary.
- Coordination of benefits (COB) and subrogation provisions were enforced, where applicable.
- Amounts paid were within the network discount fees or designated non-contracted allowances.
- Proper medical authorization is on file, as applicable.
- Benefits were paid under the proper classification, diagnostic, and procedure codes as an incorrect entry may affect payment accuracy or future benefit determinations.
- Appropriate benefit limitations, deductibles, copayments, coinsurance, and out-of-pocket maximums were applied.
- As appropriate, high-dollar claims were considered for care management and stop-loss notifications were filed timely, as applicable.
- Claims system logic for examiner edits and auto-adjudication capabilities.

- Arithmetic calculations were correct.
- Duplicate submissions were properly denied.
- Payment was made to the proper party (i.e., the provider of service if benefits were assigned; claimant is benefits were not assigned).
- Time-to-process for processing of claims was within industry standards or established performance guarantees.

The 2022 Summary Plan Description (SPD) and 2023 Summary of Benefits and Coverages (SBC) served as references for the statistical and electronic analyses, please note that a full list of resources documents has been added to the appendix.

All questions and potential errors were presented to Presbyterian's representatives; outstanding responses post-audit were provided through November 22, 2024.

### Section 3 — Statistical Review

The selection of 105 random claims for plan year January 1, 2023 through December 31,2023 was stratified by dollar amount to provide large claims representation that is more valid in determining financial accuracy levels. The methodology of Segal's stratified selection process utilizes a formula designed to take full advantage of statistical sampling procedures that allows a quantifiable degree of confidence, whereby results obtained in the audit sample are a true reflection of the way all claims were processed during the audit period.

A basic principle of the sampling technique is the premise that stratified audit findings are representative of all claims; therefore, the respective strata error rate is used to project the total errors for each stratum. The total projected errors are used to calculate the statistical accuracy levels for comparison to industry standards.

### Stratification Table

Below is the stratification table utilized for the audit.

| Strata | Dollar Range of Strata    | Number of<br>Claims in Range | Number of<br>Claims in<br>Selection | Dollar-Amount<br>in Selection | Dollar-Amount<br>in Strata |
|--------|---------------------------|------------------------------|-------------------------------------|-------------------------------|----------------------------|
| А      | \$0.01–\$79.99            | 63,755                       | 15                                  | \$ 521.12                     | \$2,633,612.80             |
| В      | \$80.00-\$149.99          | 64,976                       | 20                                  | \$2,200.51                    | \$7,319,086.04             |
| С      | \$150.00-\$749.99         | 51,680                       | 12                                  | \$4,291.90                    | \$15,891,068.09            |
| D      | \$750.00-\$3,399.99       | 10,908                       | 11                                  | \$13,973.17                   | \$16,800,591.01            |
| Е      | \$3,400.00-\$11,499.99    | 2,972                        | 10                                  | \$76,782.09                   | \$17,829,726.64            |
| F      | \$11,500.00-\$39,999.99   | 1,081                        | 12                                  | \$266,673.17                  | \$21,878,993.13            |
| G      | \$40,000.00-\$259,999.99  | 285                          | 15                                  | \$1,143,653.04                | \$21,030,670.63            |
| н      | \$260,000.00-\$940,452.45 | 10                           | 10                                  | \$4,706,567.74                | \$4,706,567.74             |
| Total  |                           | 195,667                      | 105                                 | \$6,214,662.74                | \$108,090,316.08           |

### Statistical claim sample error table

The review of 105 statistical sample claims for the audit period of January 1, 2023 through December 31,2023 identified two (2) insample errors:

- One (1) overpayment of \$224.07; and,
- One (1) underpayment of -\$36.46.

#### In addition to the above errors, two additional samples were identified for Plan intent.

Presbyterian should initiate overpayment recovery for the claims identified in the following table and provide financial impact reports when noted below. In addition, Presbyterian should issue.

| \$224.07 | Auto | No charge for preventive services required by the Health Reform Law to  | Per NMPSIA's  | Since Presbyterian did   |
|----------|------|---|---|--|
| \$224.07 | Auto |   | Per NMPSIA's  | Since Presbyterian did   |

Segal does not guarantee the accuracy of the claims adjudication of the medical benefit plan or that the audit results will capture all differences in the plan's benefit documents and the Presbyterian's medical claims adjudication. The results in this report are based on information available to Segal at the time the audit was conducted and are not a guarantee of future results. Actual experience may differ due to numerous factors, including but not limited to changes in the regulatory environment, plan designs, claim volumes, and changes to contractual agreements. Segal's audit results and recommendations, as applicable are not legal advice. Issues involving the interpretation of laws/regulations should be referred to the plan's own legal counsel. Some materials provided may be deemed proprietary and confidential and may not be disclosed or shared with any third parties other than authorized employees, directors, or Trustees of the plan sponsor without the consent of your carrier.

### Section 4 — Time-to-Process Achievement

There were concerns with the time-to-process measurement for non-adjusted claims. Results from the electronic analysis of all medical claims processed during the audit period of January 1, 2023 through December 31,2023 revealed Presbyterian processed 86.75% of the claims within fourteen (14) calendar days and 92.10% within thirty (30) calendar days.

Time-to-process is measured from the date a claim is first received to the initial date processed for payment or denial. Industry standards indicate 95% of all claims should be processed within fourteen (14) calendar days. Best practice, which follows U.S. Department of Labor, Employee Benefits Security Administration (EBSA), requires 100% within thirty (30) calendar days.\*

Segal's electronic calculations of all claims processed within the audit period did not allow for distinction of multiple processing events, therefore, Segal can conclude there were no issues with the time to process.

https://www.dol.gov/sites/dolgov/files/ebsa/about-ebsa/our-activities/resource-center/publications/filing-a-claim-for-your-health-benefits.pdf.

### Section 5 – Adjudication Procedures Review

The objective of the review is to ensure that proper procedures are in place to ensure claims control measures. The processing guidelines were described in the Adjudications Procedures Review and evidenced within the 105 statistical or confirmed through discussion with Presbyterian's personnel. While the list did not capture all administrative procedures and system functions, it does support that established guidelines are in place to control Plan costs.

- Presbyterian has a team designated to process administrative service only (ASO) claims; however, all claim processors are trained in all lines of business.
- On average, Presbyterian receives 17,000 claims a day.
  - 95.00% of claims are received electronically as an organization.
  - 97.00% of claims are received electronically ASO groups.
- Currently processed claims are no older than an average of 25 days.
- As an organization, 80.50% of claims are received electronically.
- As ASO groups, 83.00% of claims are received electronically.
- Upon notification of a termination, a file audit is conducted, and any claims paid after the termination date are adjusted to be regrouped.
- A letter and questionnaire are sent to the member once a claim is identified as potential accidental/workers compensation.
- Each claim will generate a pend reason to ensure benefits are coordinated with the primary carrier when other insurance has been identified for a member.
- A series of reports are reviewed monthly to verify other coverage information and update the information in the claims processing system.
- "Pay and Pursue" approach is not used when COB is involved. An inquiry letter is sent to the member requesting other insurance information. If the information is not received within the allotted time the claim is denied for no response to the COB inquiry.
  - COB questionnaires are not sent on an annual basis. A questionnaire will be sent if Presbyterian is notified of other coverage of which they are not already aware.
- A subrogation team manages third-party liability (TPL) cases.
- Presbyterian utilizes a pay and pursue approach for all TPL cases.
- Claims paying \$20,000 or more, level 1 specialist pre-payment audits are performed.

- Specialist pre-payment audits are performed for claims where payment is \$50,000 or more.
- Presbyterian has a financial recovery team that pursues claim overpayments that have not been recouped through future payments.
- Presbyterian will pursue any overpayment greater than \$10.00.
- Presbyterian has 12 months from the date of payment to pursue recoveries due to the overpayment of claims or for retroterminated enrollment.
- Claims over \$50K billed charges are automatically reviewed by Presbyterian's Senior management.

# Section 6 — Presbyterian's Formal Response to the Draft Report

Presbyterian did not provide a formal response to the draft report. Per NMPSIA's request, Segal released the final report without a formal response from Presbyterian.

# Pharmacy Benefit Audit – Final Report

July 1, 2022 through June 30, 2023

December 23, 2024 / Ernest Chan

Ernest Chan Senior Consultant T 646.599.0035 echan@segalco.com 333 W. 34<sup>th</sup> Street New York, NY 10001-2402 segalco.com

December 23, 2024

Patrick Sandoval Executive Director 410 Old Taos Highway Santa Fe, NM 87501

**Dear Patrick:** 

On behalf of the State of New Mexico Public Schools Insurance Authority (NMPSIA), Segal's Benefit Audit Solutions practice (Segal) completed an audit of the financial terms and benefit administration for the commercial program administered by NMPSIA's Pharmacy Benefit Manager (PBM), CVS Caremark (CVS), for the contract period of July 1, 2022 through June 30, 2023.

The following report presents the details and results of the audit process. CVS was afforded the opportunity to review Segal's findings and its responses throughout the audit process have been incorporated herein up to the draft report.

A draft report was shared with CVS on October 23, 2024, and its response was expected on December 6, 2024; however, CVS's representative was out of the office and indicated that a response would be issued by December 11, 2024. On December 10<sup>th</sup> and December 11<sup>th</sup>, Segal requested confirmation that CVS's response would be provided on the due date. On December 11, 2024, CVS indicated that they would be delayed and needed an additional 5-7 business days. As of issuance of this report, a response was not received.

Sincerely,

Ernest Chan Senior Consultant

### Section 1 – Introduction

This report summarizes the results of the review period from July 1, 2022 through June 30, 2023 (Audit Period) to evaluate the performance of CVS Caremark (CVS) as the Pharmacy Benefit Manager (PBM) for the State of New Mexico Public Schools Insurance Authority (NMPSIA) for the commercial program. The audit reviewed a total of 501,056 claims incurred during the Audit Period, corresponding to a total gross paid amount of \$89,922,573.

Segal's audit included the following review components:

- Financial Review Assess the performance of the financial guarantees, including Average Wholesale Price (AWP) Discounts, Dispensing Fees, Generic Dispensing Rate (GDR), and Minimum Rebates. Administrative fees and claims invoices were reviewed to ensure that billed claims costs and fees were accurate.
- Plan Design Review Validate claims were correctly adjudicated in CVS's claims system based upon NMPSIA's benefit plan designs, which includes member cost sharing (i.e., copay/coinsurance and maximum out-of-pocket (MOOP)) and administrative utilization management rules (i.e., refill-too-soon (RTS) thresholds, days' supply limits, and drug coverage/exclusion).
- Clinical Program Review Confirm clinical criteria and prerequisites were met for Prior Authorization (PA), Quantity Limits (QL), and Step Therapy (ST) rules, respectively.

### Section 2 – Executive Summary

In accordance with the State of New Mexico Public Schools Insurance Authority Professional Services Contract with CVS (Agreement), the following table summarizes Segal's review of the applicable financial and benefit administration components for the Audit Period.

| Total                    |                  | \$4,421,288              | \$2,336,510            | \$2,084,777   |

Totals are rounded to the nearest dollar.

#### Audit results and recommendations

#### **Financial review**

• **AWP Discount Guarantees:** Segal agrees with CVS's reported total shortfall of \$2,236,510. CVS did not meet the guarantees for the Retail Generic, Mail Brand, or CVS Specialty components.

Although Segal does not agree with CVS's methodology in allocating Brand and Generic Drugs, it did not result in a material financial impact. Additional details on this issue are provided in the Financial Review – Average Wholesale Price Discount Guarantees section of this report.

Segal requested that CVS provide payment details for the \$2,236,510 shortfall due to NMPSIA in its response to the draft report. According to the Agreement, CVS should have already paid NMPSIA within 90 days after the end of the contract year. Shortfall amounts that are not paid to NMPSIA in that time frame accrues a pro-rated 2% monthly late fee.

Segal Notes: On October 29, 2024, Segal reiterated the request to CVS for the payment information for the PBM-reported AWP Discount and GDR Guarantees shortfall amounts that were due to NMPSIA.

As of issuance of this report, CVS has not provided a response.

- **Dispensing Fee Guarantees:** Segal disagrees with CVS's assessment that it met the guarantees for all components, and the Brand and Generic Drug allocation issue identified in the AWP Discount Guarantees assessment impacts the Dispensing Fee Guarantees as well. However, both result in de minimis shortfalls.
- **Rebate Guarantees:** CVS reportedly paid NMPSIA its self-reported Minimum Rebate Guarantee amount of \$32,107,869, which was greater than its reported 100% pass through manufacturer rebate amount of \$28,120,807.

However, Segal calculated a total Minimum Rebate guarantee amount of \$34,172,668 and identified two issues with a total estimated impact of \$2M:

- The Brand and Generic Drug allocation issue identified in the AWP Discount and Dispensing Fee Guarantees assessments affects the per Brand Drug Claim Rebate Guarantees as well, resulting in an estimated impact of \$1M.
- Segal also disagrees with CVS excluding certain claims categorized as "Formulary Exceptions" from its Minimum Rebate Guarantees assessment, resulting in an additional estimated impact of \$1M.

Additional details regarding these issues are provided in the Financial Review – Rebate Guarantees section of this report.

• **GDR Guarantees:** Segal agrees with CVS's assessment that it did not meet the guarantees for both Mail and Retail channels, which resulted in a reported amount due to NMPSIA of \$100,000.

Segal requested that CVS provide payment details for the \$100,000 due to NMPSIA in its response to the draft report.

Segal Notes: On October 29, 2024, Segal reiterated the request to CVS for the payment information for the PBM-reported AWP Discount and GDR Guarantees shortfall amounts that were due to NMPSIA.

As of issuance of this report, CVS has not provided a response.

• Claims Invoice: Segal determined that claims were appropriately billed to NMPSIA.

• Administrative Fees: Segal determined that administrative fees were appropriate billed to NMPSIA.

#### Plan design review

- **Deductible:** Segal confirmed that a prescription program deductible benefit was not applicable.
- **Copay/Coinsurance:** Segal determined that CVS accurately adjudicated claims according to NMPSIA's intended copay/coinsurance plan design.
- **MOOP:** Segal determined that CVS accurately adjudicated claims according to NMPSIA's annual prescription drugs MOOP limits.
- **Drug Coverage/Exclusion:** Segal determined that CVS accurately adjudicated claims according to NMPSIA's drug coverage elections.
- **Refill Too Soon (RTS) Edits:** Segal determined that CVS accurately adjudicated claims according to NMPSIA's RTS utilization management rule for each dispensing channel.
- **Days' Supply Limits:** Segal notes that the Employee Health & Well-Being Benefits Program Guide provided by NMPSIA states that the maximum days' supply for the Retail and Mail dispensing channels is 90. However, CVS's Benefit Builder files allows a days' supply up to 999 for stepped copay (i.e., a fixed copay increase based on an incremental increase in days' supply) claims. Additional details on this observation are provided in the Plan Design Review – Days' Supply Limits section of this report.

Segal requested that CVS confirm the intended and applicable days' supply limits for each dispensing channel and review adequate utilization management with NMPSIA.

Segal Note: As of issuance of this report, CVS has not provided a response.

- **Prior Authorization:** Segal determined that CVS accurately adjudicated claims according to NMPSIA's PA clinical edits.
- **Quantity Limits:** Segal determined that CVS accurately adjudicated claims according to NMPSIA's QL clinical edits.
- **Step Therapy:** Segal determined that CVS accurately adjudicated claims according to NMPSIA's ST clinical edits.

### Section 3 – Financial Review

The purpose of the financial review is to confirm the accuracy in which CVS applied the contractual pricing terms to the pharmacy claims during the Audit Period. Pricing terms reviewed include AWP Discount Guarantees, Dispensing Fee Guarantees, Rebate Guarantees, and GDR Guarantee. In addition, claims invoices and base administrative fees were assessed in the audit.

#### **Review process**

Segal reviewed a file of all claims adjudicated by CVS during the Audit Period. Segal performed an initial review of these claims to determine any anomalies or unexplained pricing methodology that are inconsistent with the terms and definitions outlined in the Agreement. The findings were presented to CVS for additional clarification and its responses were incorporated into Segal's review. As of issuance of this final report, CVS did not provide its formal response to the draft report.

Documents used as references for this review are listed in Appendix C.

#### Average wholesale price discount guarantees

CVS provides discounts that are applied to the AWP to calculate a guaranteed ingredient cost amount. The guaranteed ingredient cost amount is compared to the ingredient cost amount billed to NMPSIA and any excess over the guaranteed ingredient cost is repaid to NMPSIA on a contract period basis.

Segal calculated the AWP Discount Guarantees according to the following terms of the Agreement:

- AWP Discount Guarantees are measured individually by "Dispensing Channel / Drug Source" component. Therefore, an overperformance (surplus) in one component may not be used to offset an underperformance (shortfall) in any other component or Guarantee.
- The following claims are excluded from the AWP Discount Guarantees:
  - o 340B;
  - Compound drugs;
  - o Paper or member submitted;
  - o Coordination of benefits (COB);
  - o Secondary payer;
  - Vaccine (including for COVID-19) and vaccine administration;
  - o COVID-19 testing-related; and,
  - COVID-19 antiviral drugs.

The following table illustrates achieved discounts for each dispensing channel and drug source for the Audit Period. Negative values in the last two columns correspond to shortfalls. Values in

the Calculated Amount Due are noted as \$0 for overperformance amounts.

| Dispensing<br>Channel /<br>Drug Source | Segal<br>Claim<br>Count | AWP           | Achieved<br>Discount | Guaranteed<br>Discount | Billed<br>Ingredient<br>Cost | Guaranteed<br>Ingredient<br>Cost | Guaranteed<br>Less Billed<br>Ingredient<br>Cost | Segal<br>Calculated<br>Amount<br>Due |
|--|-------------------------|---------------|----------------------|------------------------|------------------------------|----------------------------------|---|--------------------------------------|
| Retail Generic                         | 290,809                 | \$33,577,196  | 82.64%               | 86.50%                 | \$5,828,659                  | \$4,532,921                      | (\$1,295,738)                                   | (\$1,295,738)                        |

| Total                                  | 466,632                 | \$160,676,986 | -                    | -                      | \$81,097,855                 | \$79,316,901                     | -   | (\$2,256,406)                        |

Totals are rounded to the nearest dollar.

Percentages are rounded to the nearest hundredth.

Segal agrees with CVS's reported total shortfall of \$2,236,510. CVS did not meet the guarantees for the Retail Generic, Mail Brand, or CVS Specialty components.

Although it did not result in a material financial impact, Segal does not agree with CVS's methodology in allocating Brand and Generic Drugs. Per the Agreement, for purposes of pricing guarantees, Brand Drug is defined using the Medi-Span<sup>®</sup> Multisource indicator. Segal sent sample claims to CVS for review, and on June 5, 2024, CVS replied:

"Non issue: per the contract CVS may override the M, N, O indicators and reclassify the drug to be a generic drug after review of additional information.

According to Column G, this drug is a generic. Please provide claim information if additional research is needed."

Segal contended on June 14, 2024 that CVS's ability to override and reclassify Brand Drugs as Generic Drugs pertains to adjudication purposes only and not for purposes of reconciling financial guarantees.

Segal requested that CVS provide payment details for the \$2,236,510 shortfall due to NMPSIA in its response to the draft report. According to the Agreement, CVS should have already paid NMPSIA within 90 days after the end of the contract year. Shortfall amounts that are not paid to NMPSIA in that time frame accrues a pro-rated 2% monthly late fee.

Segal Note: As of issuance of this report, CVS has not provided a response.

#### **Dispensing fee guarantees**

CVS provides dispensing fee guarantees on claims as guaranteed maximum dispensing fees charged by pharmacies during the contract year. The total maximum dispensing fees billed are compared to the guaranteed dispensing fees and any excess over the guaranteed fees is repaid to NMPSIA on a contract period basis.

Segal calculated the Dispensing Fee Guarantees according to the terms of the Agreement, which are consistent with the terms outlined for the AWP Discount Guarantees.

The following table illustrates the achieved dispensing fees for each dispensing channel and drug source for the Audit Period. Negative values in the last two columns correspond to shortfalls. Values in the Calculated Amount Due are noted as \$0 for overperformance amounts.

| Mail Brand                          | 6,737                   | \$0.00                           | \$0.00                             | \$3                         | \$0                             | (\$3)  | (\$3)                                |
| Specialty Retail Generic            | 10                      | \$0.20                           | \$0.20                             | \$2                         | \$2                             | \$0  | \$0                                  |
| Specialty Retail LDD                | 6                       | \$0.00                           | \$0.20                             | \$0                         | \$1                             | \$1  | \$0                                  |
| CVS Specialty                       | 3,452                   | \$0.00                           | \$0.00                             | \$0                         | \$0                             | \$0  | \$0                                  |
| Total                               | 466,632                 | -                                | -                                  | \$63,922                    | \$66,251                        | -  | (\$82)                               |

Totals are rounded to the nearest dollar.

Segal disagrees with CVS's assessment that it met the guarantees for all components, resulting in a de minimis shortfall of \$82. The Brand and Generic Drug allocation issue identified in the AWP Discount Guarantees assessment impacts the Dispensing Fee Guarantees as well.

Segal Note: As of issuance of this report, CVS has not provided a response.

#### **Rebate guarantees**

Rebates are additional payments made by drug manufacturers to lower the cost of certain brand drugs. CVS provides NMPSIA a guarantee on the rebates paid by the pharmaceutical manufacturers as the greater of:

- 100% of Rebates and Manufacturer Administrative Fees collected by CVS from the manufacturers; or,
- The total minimum rebates guaranteed on a per Brand Drug claim basis.

According to the Agreement, CVS will pay NMPSIA the minimum rebates guaranteed on a quarterly basis. Then, on an annual basis, CVS will reconcile the rebate pass-through percent against the minimum rebates guaranteed and pay NMPSIA for any deficit within 90 days after the end of the contract year.

Segal calculated the Rebate Guarantees for the Audit Period according to the following terms of the Agreement:

- Rebate Guarantees are measured in aggregate across the "Dispensing Channel / Drug Source" components.
- An overperformance (surplus) in the Rebate Guarantees may not be used to offset an underperformance (shortfall) in any other Guarantee.
- Rebate Guarantees are reconciled using the Medi-Span<sup>®</sup> Multisource indicator.
- The following claims are excluded from the Rebate Guarantees:
  - o 340B;
  - Compound drugs;
  - Paper or member submitted;
  - o COB;
  - Secondary Payer;
  - Vaccine (including for COVID-19) and vaccine administration;
  - o COVID-19 testing-related;
  - o Medicare Part B;
  - o Claims approved by formulary exception;
  - Biosimilar drugs;
  - o Dispensed as Written (DAW) 5; and,
  - COVID-19 antiviral drugs.

The following table illustrates Segal's and CVS's calculated Minimum Rebate Guarantee for each dispensing channel and drug source, as well as CVS's reported total rebates paid to NMPSIA as of the issuance of this report for the Audit Period.

| Dispensing<br>Channel /<br>Drug Source | Segal<br>Claim<br>Count | Guaranteed<br>Minimum<br>Rebate Per<br>Brand<br>Claim | Segal -<br>Total<br>Guaranteed<br>Minimum<br>Rebates | PBM Total<br>Guaranteed<br>Minimum<br>Rebates* | PBM<br>Reported<br>Percent<br>Share<br>Rebates | PBM<br>Reported<br>Rebate<br>Amount<br>Paid | Calculated<br>Amount<br>Due |

| Mail Brand                             | 6,713                   | \$814.22  | \$5,465,859  |  |  |   |                             |
| Retail Brand                           | 40,174                  | \$279.32  | \$11,221,402   |  |  |   |                             |
| Retail 90 Brand                        | 9,025                   | \$814.22  | \$7,348,336  |  |  |   |                             |
| Specialty Brand                        | 3,227                   | \$3,141.33  | \$10,137,072   |  |  |   |                             |
| Total                                  | 59,139                  | -   | \$34,172,668   | \$32,107,869                                   | \$28,120,807                                   | \$32,107,869                                | \$2,064,799                 |

\*Based on PBM's claim counts multiplied by Guaranteed Minimum Rebate Per Brand Claim. Totals are rounded to the nearest dollar.

CVS reportedly paid NMPSIA its self-reported Minimum Rebate Guarantee amount of \$32,107,869, which was greater than its reported 100% pass through manufacturer rebate amount of \$28,120,807. However, Segal identified two issues with a total estimated impact of \$2M:

• The Brand and Generic Drug allocation issue identified in the AWP Discount and Dispensing Fee Guarantees assessments affects the per Brand Drug Claim Rebate Guarantees as well,

resulting in an estimated impact of \$1M. Segal sent sample claims to CVS for review, and on August 2, 2024, CVS cited the following excerpt from the Agreement to support its position:

"No Rebate shall be credited for any Generic Drug, whether such Claim is filled with a Generic Drugs or by a Brand Drug dispensed in lieu of a Generic Drug at the Generic Drug reimbursement rate."

On August 5, 2024, Segal contended with the excerpt referenced by CVS because "Rebates" are defined in the Agreement as follows:

"1.27 "Rebates" means compensation or remuneration of any kind received or recovered from a pharmaceutical manufacturer by CVS Caremark attributable to the purchase or utilization of Covered Drugs by Members, including, but not limited to, incentive rebates; credits; rebates, regardless of how categorized; market share incentives; promotional allowances; commissions; educational grants; market share of utilization; drug pull-through programs; implementation allowances; clinical detailing; rebate submission fees; price/inflation protection; and administrative or management fees, including Manufacturer Administrative Fees (as defined above); and any fees that CVS Caremark receives from a pharmaceutical manufacturer for administrative costs, formulary placement, and/or access. **CVS Caremark agrees to pass through 100% of ALL Rebate revenue earned and will not charge an administrative fee for this arrangement.** CVS Caremark also agrees to disclose details of all other programs and services generating financial remuneration attributable to the purchase or utilization of covered drugs by eligible persons from outside entities, including manufacturers and retailers."

Therefore, terms for "Rebates" pertain to the applicable amounts collected from the manufacturers and CVS's citation refers to House Generics (i.e., DAW 5 claims) as per the definitions.

Further applicable contract provisions follow:

*"1.4 "Brand Drug" shall mean for purposes of reconciling financial guarantees, drugs or devices for which the Medi-Span Multisource Code field contains "M" (co-branded product), or "N" (single source brand), or "O" (originator).* For purposes of adjudication, CVS Caremark may override the M, N, or O indicators and reclassify the drug to be a Generic Drug after review of additional information."

*"1.12 "Generic Drug" shall mean, for purposes of reconciling financial guarantees, drugs or devices for which the Medi-Span Multisource Code field contains a "Y" (generic). In addition, Claims with DAW 5 code ("House Generics") shall be classified as Generic Drug Claims.* For purposes of adjudication, CVS Caremark may override a MediSpan Multisource Code of M, N, or O and reclassify the drug to be a Generic Drug after review of additional information."

 Segal also disagrees with CVS excluding certain claims categorized as "Formulary Exceptions" from its Minimum Rebate Guarantees assessment, resulting in an additional estimated impact of \$1M. Sample claims were sent to CVS and on June 26, 2024, CVS provided the following response:

"Non issue- any drug requiring a PA on the formulary, would be excluded, per the contract on page 32."

Segal disagrees with CVS's methodology as its citation of "claims approved by formulary exception" pertains to drugs that are not covered by the plan and/or not on the Formulary and require a PA in order to be covered under the plan. The sample claims provided by Segal are Brand Drugs found on the Formulary provided by CVS with a PA clinical utilization management requirement.

Segal Note: As of issuance of this report, CVS has not provided a response.

#### Generic dispensing rate guarantees

CVS provides a guarantee that a percentage of all prescriptions are filled as generic drugs for the contract period.

Segal calculated the GDR according to the following terms of the Agreement:

- The Mail GDR Guarantee for the Audit Period is 87.30%.
- The Retail GDR Guarantee for the Audit Period is 89.47%.
- The maximum GDR guarantee penalty will be paid on a dollar-for-dollar basis with a maximum annual payment cap of \$100,000 across all components.
- The following claims are excluded from the GDR Guarantee:
  - o Specialty Drugs;
  - Compound drugs;
  - Paper;
  - o COB;
  - o DAW 1, 2, and 7;
  - o Vaccines;
  - o COVID-19 testing-related; and,
  - COVID-19 antiviral drugs.

The following tables illustrate Cigna's GDR performance for the Audit Period.

| Dispensing<br>Channel /<br>Drug Source | Segal Total<br>Claim<br>Count | Segal<br>Generic<br>Claim Count | Achieved<br>GDR | Guaranteed<br>GDR | GDR<br>Guarantee<br>Performance | Calculated<br>Amount<br>Due |
|--|-------------------------------|---------------------------------|-----------------|-------------------|---------------------------------|-----------------------------|
| Mail                                   | 30,941                        | 24,913                          | 80.52%          | 87.30%            | (\$105,958)                     |                             |
| Retail                                 | 435,249                       | 384,717                         | 88.39%          | 89.47%            | (\$237,407)                     |                             |
| Total                                  | 466,190                       | 409,630                         | -               | -                 | (\$343,365)                     | (\$100,000)                 |

Totals are rounded to the nearest dollar.

Percentages are rounded to the nearest hundredth.

Segal agrees with CVS's assessment that it did not meet the guarantees for both Mail and Retail channel guarantees, which resulted in a reported amount due to NMPSIA of \$100,000.

Segal requested that CVS provide payment details for the \$100,000 due to NMPSIA in its response to the draft report.

Segal Note: As of issuance of this report, CVS has not provided a response.

#### **Claims invoice review**

Segal reviewed the claims invoices provided by CVS to validate that the sum amounts are in accordance with the plan paid amount from the claims file.

Segal determined that the claims were appropriately billed to NMPSIA for the Audit Period. The invoices reported a total amount due of \$75,815,697, which is the same as the total plan paid amount from the claims file.

#### Administrative fees review

Segal reviewed the invoices provided by CVS to validate that the fees are in accordance with the base administrative fees stipulated in the Agreement.

The following table illustrates the summary of administrative fees invoices for the Audit Period

| Administrative Fee   | Count  | Total Fees<br>Paid | Average Fee<br>Paid per<br>Count | Contracted<br>Fee |
|--|--------|--------------------|----------------------------------|-------------------|
| Formulary Exception Appeals (per claim)  | 11     | \$330              | \$30.00                          | \$30.00           |
| First Level Appeals (per claim)  | 99     | \$9,900            | \$100.00                         | \$100.00          |
| Second Level Appeals (per claim)   | 6      | \$3,000            | \$500.00                         | \$500.00          |
| Claim History Files (per month)  | 1      | \$125              | \$125.00                         | \$125.00          |
| Formulary Exception Prior Authorization (per claim)  | 1,197  | \$35,910           | \$30.00                          | \$30.00           |
| Manual Claim (per claim)   | 3,418  | \$5,127            | \$1.50                           | \$1.50            |
| Prior Authorization (per claim)  | 2,452  | \$73,560           | \$30.00                          | \$30.00           |
| Transform Diabetes Care: Diabetes + Comorbidity<br>(HTN Only) Program (patient-driven payment model) | 12,939 | \$177,911          | \$13.75                          | \$14.15           |
| Urgent Appeals (per claim)   | 1      | \$600              | \$600.00                         | \$600.00          |
| Total  | 20,124 | \$306,463          | -                                | -                 |
| Total Fees Paid are rounded to the nearest dollar  |        |                    |                                  |                   |

Total Fees Paid are rounded to the nearest dollar.

Average Fee Paid per Count is rounded to the nearest cent.

Segal determined that CVS did not overcharge for the base administrative fees.

### Section 4 – Plan Design Review

The purpose of the of the plan design review is to ensure that CVS accurately administered NMPSIA's member cost share provisions, administrative utilization management rules, clinical utilization management rules, and drug coverage elections during the Audit Period.

#### **Review process**

Segal utilized a file of all claims adjudicated by CVS, plan design documentation provided by both CVS and NMPSIA, and clinical program drug lists provided by CVS for the Audit Period. The review was conducted by recalculating the member cost share (i.e., copay/coinsurance and MOOP) for each claim and comparing the recalculated amounts against the adjudicated amounts in the claims data. Segal also identified drugs that had a PA, QL, and/or ST clinical edit and assessed claims to validate that the applicable criteria was satisfied before it was adjudicated. In addition, drug coverage elections and the administrative utilization management rules for RTS thresholds and days' supply maximums were reviewed.

Documents used as references for this review are listed in Appendix C.

#### **Deductible**

Segal confirmed that a prescription program deductible benefit was not applicable.

#### Copay/coinsurance

Segal recalculated the member's copay/coinsurance according to NMPSIA's intended plan design as illustrated in Appendix B.

Segal determined that CVS accurately adjudicated claims according to NMPSIA's intended copay/coinsurance plan design.

Segal sent 19 claim samples to CVS for research and after review of CVS's responses, Segal agrees that each sample claim was accurately adjudicated.

#### Maximum out-of-pocket

Segal determined that CVS accurately adjudicated claims according to NMPSIA's annual prescription drugs MOOP limits as illustrated in Appendix B.

Segal sent 19 claim samples to CVS for research and after review of CVS's responses, Segal agrees that each sample claim was accurately adjudicated.

#### **Drug coverage/exclusions**

Segal determined that CVS accurately adjudicated claims according to NMPSIA's drug coverage elections for the Audit Period.

#### **Refill-too-soon**

Segal determined that CVS accurately adjudicated claims according to NMPSIA's RTS utilization management rule for each dispensing channel.

#### **Days' supply limits**

Segal sent to CVS for research 38 claim samples, where days' supplies between 93 and 595 were allowed, and CVS provided the following response on June 26, 2024:

"Non Issue: Drug is a unbreakable package, so additional qty is dispensed to meet days supply."

Segal notes that the Employee Health & Well-Being Benefits Program Guide provided by NMPSIA states that the maximum days' supply for Retail and Mail is 90. However, CVS's Benefit Builder files allow a days' supply up to 999 for stepped copay claims.

Segal requested that CVS confirm the intended and applicable days' supply limits for each dispensing channel and review adequate utilization management with NMPSIA.

Segal Note: As of issuance of this report, CVS has not provided a response.

#### **Prior authorization**

Segal determined that CVS accurately adjudicated claims according to NMPSIA's PA clinical edits.

#### **Quantity limits**

Segal determined that CVS accurately adjudicated claims according to NMPSIA's QL clinical edits.

#### **Step therapy**

Segal determined that CVS accurately adjudicated claims according to NMPSIA's ST clinical edits.

# Appendix A – Claims Data Validation

Segal relied on claims data provided by CVS to conduct all analyses and conducted the following tests to validate that the data was accurate and sufficient to utilize for the audit.

#### Monthly claims review

Segal reviewed monthly totals of key financial fields in the data file to validate the following:

- Claims experience coincides with the Audit Period;
- Claim trends appear reasonable and there are no spikes or dips in utilization that require additional investigation; and,
- Financial cost fields reconcile between the Gross Cost of all drugs (i.e., Ingredient Cost + Dispensing Fee + Sales Tax + Incentive Fee) and the amount billed to NMPSIA, billed to its plan members, and paid by other payers, such as secondary payer through COB (i.e., Plan Paid + Patient Paid + Other Payer Paid).

The following table summarizes the paid claim totals by month for the claims data file supplied by CVS.

| Year  | Month | Claim<br>Count | Ingredient Cost +<br>Dispensing Fee +<br>Sales Tax +<br>Incentive Fee | Plan Paid +<br>Patient Paid +<br>Other Payer Paid |
|-------|-------|----------------|---|---|
| 2022  | 7     | 40,073         | \$6,004,003   | \$6,004,542                                       |
| 2022  | 8     | 42,322         | \$6,942,652   | \$6,942,652                                       |
| 2022  | 9     | 40,916         | \$6,812,479   | \$6,812,479                                       |
| 2022  | 10    | 45,445         | \$6,598,421   | \$6,598,421                                       |
| 2022  | 11    | 45,112         | \$7,408,984   | \$7,408,984                                       |
| 2022  | 12    | 44,529         | \$7,046,002   | \$7,046,002                                       |
| 2023  | 1     | 41,932         | \$7,585,717   | \$7,585,717                                       |
| 2023  | 2     | 38,073         | \$6,957,373   | \$6,957,373                                       |
| 2023  | 3     | 42,134         | \$8,086,231   | \$8,086,231                                       |
| 2023  | 4     | 38,820         | \$8,068,400   | \$8,068,400                                       |
| 2023  | 5     | 41,036         | \$9,022,610   | \$9,022,610                                       |
| 2023  | 6     | 40,664         | \$9,389,162   | \$9,389,162                                       |
| Total | -     | 501,056        | \$89,922,034  | \$89,922,573                                      |

Totals are rounded to the nearest dollar.

Although there is a nominal difference of \$539, this is within Segal's audit variance tolerance. Overall, Segal observed reasonable claim amounts month-to-month with no anomalous costs and concluded that the claims data accurately and completely represents the claims adjudicated during the Audit Period. The claims data was valid to use for the review.

#### AWP Medi-Span® review

Segal used an in-house Medi-Span<sup>®</sup> pricing source file to independently validate the accuracy of the AWP provided by CVS for each claim. This review of the claims file is limited to claims with drugs that can be found in the Medi-Span<sup>®</sup> database. Compound drug claims submitted with representative National Drug Codes (NDC) such as "00000000000", invalid NDCs, missing NDCs, or NDCs with an inactive pricing record are some of the reasons why claims would not be included in this review.

The following table summarizes the key statistics reviewed during the AWP validation for the Audit Period.

|               | AWP              |                    |               |               |          |          |
|---------------|------------------|--------------------|---------------|---------------|----------|----------|
| Total         | Matched          | % Matched          | PBM Total     | Segal         | AWP \$   | AWP %    |
| Claims        | Claims           | Claims             | AWP           | Total AWP     | Variance | Variance |
| 501,056       | 499,720          | 99.73%             | \$192,971,811 | \$193,046,602 | \$74,791 | 0.04%    |
| Totals are ro | ounded to the ne | earest dollar.     |               |               |          |          |
| Percentages   | are rounded to   | the nearest hundre | edth.         |               |          |          |

CVS's claims file matched Segal's independent Medi-Span<sup>®</sup> file for 99.73% of claims by count which resulted in a difference in the total AWP that is less than 1%. These are within Segal's tolerance for reasonable deviation and Segal finds the AWP provided by CVS is reasonable to use for measuring discounts. It is common to observe some differences due to timing variations in updating AWP prices, where one entity may update prices monthly, daily, or weekly while the other may be on a different basis.

The analyses for this review utilize the AWP provided by CVS in the data file.

#### **Excluded claims review**

The following table illustrates the volume of claims that were excluded from the AWP Discount and Dispensing Fee Guarantees for the Audit Period, as applied by Segal based on the Agreement. The Achieved Discount values are included for illustrative purposes only. Segal notes that the Minimum Rebate Guarantees claim exclusion categories may differ from the AWP Discount and Dispensing Fee Guarantees exclusion categories illustrated.

Segal determined that CVS appropriately applied all exclusions for the AWP Discount and Dispensing Fee guarantees.

| Exclusion Reason         | Segal Excluded<br>Claim Count | % of Total<br>Claim Count | AWP          | Ingredient<br>Cost | Achieved Discount |
|--------------------------|-------------------------------|---------------------------|--------------|--------------------|-------------------|
| 340B                     | 6,207                         | 1.24%                     | \$3,309,636  | \$2,056,234        | 37.87%            |
| СОВ                      | 2,104                         | 0.42%                     | \$27,777,525 | \$5,073,359        | 81.74%            |
| Compounds                | 111                           | 0.02%                     | \$0          | \$1,937            | N/A               |
| COVID-19 antiviral drugs | 2,019                         | 0.40%                     | \$20         | \$0                | 100.00%           |
| COVID-19 testing         | 3,696                         | 0.74%                     | \$265,932    | \$302,059          | -13.59%           |
| Member submitted         | 146                           | 0.03%                     | \$21,738     | \$10,014           | 53.93%            |
| Vaccines                 | 20,141                        | 4.02%                     | \$919,973    | \$725,313          | 21.16%            |
| Total                    | 34,424                        | 6.87%                     | \$32,294,825 | \$8,168,916        | 74.71%            |

Totals are rounded to the nearest dollar.

Percentages are rounded to the nearest hundredth.

### Appendix B – Plan Design Summary

|                          | High/Low<br>PPO Plans |                       |  |  |  |  |

### Appendix C – Source Documentation

Below is a list of the documentation used during the audit.

- State of New Mexico Public Schools Insurance Authority Professional Services Contract # 342-2021- 06, between CVS and NMPSIA, effective July 1, 2022. Also referred to as "Agreement" throughout this report.
- Employee Health & Well-Being Benefits Program Guide, effective July 2022, which was provided by NMPSIA.
- Benefit Plan Summary, signed on July 6, 2022, which was provided by CVS.
- Benefit Builders, which were provided by CVS and applicable to the Audit Period.
- **Clinical Plan Management Form**, approved by NMPSIA on April 6, 2022, which was provided by CVS and details the clinical management programs and guidelines elected by NMPSIA.
- **Clinical Program Election Form**, approved by NMPSIA on May 19, 2022, which authorizes NMPSIA's enrollment in the Transform Diabetes Care Program.
- CVS Health COVID-19 Vaccination Program, COVID-19 Vaccination Network, COVID-19 Vaccines Enrollment Form, approved by NMPSIA on April 13, 2022 and effective July 1, 2022.
- CVS Health COVID-19 Pharmacy-based Oral Antiviral Program, COVID-19 Vaccines, Therapeutics and Antivirals Enrollment Form, approved by NMPSIA on April 13, 2022 and effective December 22, 2021.
- State of New Mexico PSIA\_RXC\_PerformanceRpt\_Jul22-Jun23\_IH.xlsx, which is the AWP Discount and Dispensing Fee Guarantees performance report provided by CVS for the Audit Period.
- **FY2023 New Mexico PSIA Specialty Guarantee Audit Report.xlsx**, which is the Specialty AWP Discount Guarantees performance report provided by CVS for the Audit Period.
- State of New Mexico (PSIA)-GDR Report -.xlsx, which is the GDR Guarantees performance report provided by CVS for the Audit Period.
- **Recon rebate report.xlsx,** which is the annual rebate reconciliation report provided by CVS.
- **ZR11 report (admin fees).xlsx,** provided by CVS, which is a report detailing the claims and administrative fees invoices charged to NMPSIA during the Audit Period.

# Five-Year Summary of Medical/Rx Trends

#### Fiscal Year (FY) Medical Trend

#### Fiscal Year (FY) Pharmacy Trend

1 Source: 2025 Segal Health Plan Cost Trend Survey All trends are illustrated for actives and retirees under age 65

2 The Segal Trend Survey data is reported on a calendar year basis and has been converted to a July 1 basis in chart on right to align with NMPSIA's fiscal year.

3 The FY2024 and FY2025 Segal Survey Actual figure includes a projected component

4 Rx trends are reflective prior to rebates.

5 FY2025 data is through November 2024

## Historical Look - Trends

- For the 89 months from July 1, 2017 through November 30, 2024, paid Medical/Rx claims PMPM have increased by 7.3% on average per year
- During the same period:
  - Average Medical/Rx revenue PMPM increased 5.5% per year
  - Average membership has decreased 0.5% per year

<sup>1</sup>FY2025 actual medical/Rx expenses includes paid data through November 2024 (5 months) and projected medical/Rx expenses for June 2025; includes claim costs, stop-loss premiums, administrative and related program fees.

Excludes dental, vision, life insurance, disability, investment income.

# FY2025 Experience and Projection

- Recent Rx claims experience outpacing expectations
  - Medical high-cost claimants

Key

**Drivers** 

#### • Continued migration from High Option plans to Low Option plans

Impact of mandated legislative changes to plan benefits

# Assumptions

# Assumptions for Projections

- Claims Experience: December 2023 November 2024
- Revenues based on enrollment as of December 5, 2024
- FY2025 through FY2030 Trend:
  - 7.0% Medical -
    - Approximately 8.8% blended Medical/Rx trend
  - 14.0% Rx
  - 4.0% Dental
- Prepaid claim adjustment; Assumes June 30 prepaid claims of \$6,000,000, based on discussion with NMPSIA staff
- Baseline projection assumes no changes to current plan design and does not assume any material migration between plans from the experience period to the projection periods
- Projections include:
  - Impact of 2023 and 2024 legislative requirements effective 1/1/2024 and 1/1/25 and beyond
- Target fund balance represents 1 month of claims

# Affordability Considerations for 10/1/25 Rates

- Only considering affordability as it relates to individuals not eligible for Medicaid
- In New Mexico, these are individuals at or above 133% of the federal poverty line (\$20,815 for 2025)
- For plan years beginning in 2025, compare cost of self-only employersponsored coverage to 9.02% of household income to determine if employee would qualify for subsidy due to unaffordable coverage

\$20,815
× 9.02%
÷ 12 months
= \$156.45 per month
Employees with household income in this
range who reside outside of NM may qualify
for subsidized coverage on the exchange.

• Maximum increase to Low Option is **34.8%** 

Eligible for Medicaid in all states

Eligible for Medicaid in NM

Not eligible for Medicaid in any states

# Projections

(1) Medical/Rx rate increase is shown on a blended basis with the FY26-FY30

(2) Floor is one month of projected incurred claims.

(3) Ceiling is one and a half months of projected incurred claims, based on Segal recommendation in April 2018.

4.0% Dental increase in FY26

## Employee Deduction Increases eff. 10/1/24 *Scenario A*

- 17.72% increase in monthly payroll deduction for High, Low, and EPO Options
- Effective October 1, 2025 (deductions taken in September)

|                   |        | Salary less than \$50,000 | Salary \$50,000 to \$59,999 | Salary \$60,000 and over |

### Blue Cross and Blue Shield of New Mexico – Provider Contracted Counts

### 4,198 Contracted Tax ID numbers for BCBSNM (all lines of business)

### Groups - 3,120

- 1,213 Behavioral Health
- 1,737 Physical Health
- 37 Multi Specialty
- 133 Long Term Care (Medicaid)

### Facilities - 199

- 186 Physical Health (ASCs, Dialysis, Home Health, Hospice, Hospital, LTAC, Rehab, SNF)
- 13 Behavioral Health (Hospitals, RTC)

### Groups/Facilities Combo - 150

- 13 Behavioral Health
- 94 Physical Health
- 17 Multi Specialty
- 26 Long Term Care (Medicaid)

### Solo Professional – 766

- 582 Behavioral Health
- 184 Physical Health

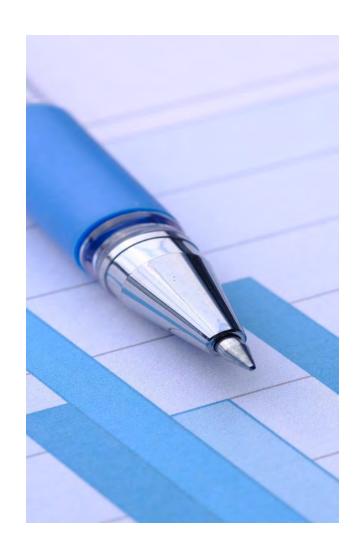

### Included above, broken out by:

- 21,701 Providers Records (unique providers)\*
- With more than 2 million unique, in-network providers, BCBS Plans have the largest hospital and physician networks in the U.S., with 97% of all U.S. hospitals and 83% of physicians.
- \* Includes: New Mexico, Texas, Arizona and Colorado

### **Contracting Process Overview**

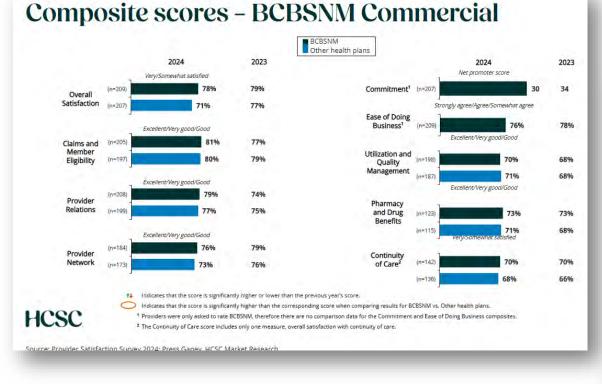

- Blue Cross and Blue Shield of New Mexico (BCBSNM) established standard rates that the contracting team offers a newly contracted group/provider. A newly contracted provider could have negotiated rates, this would depend on specialty and location.
- The process has improved by aligning the contracting / credentialing processes.
- The majority of our contracts are perpetual and very few have hard term dates memorialized in the contracts. Which means contracts automatically renew each year.
- Annually BCBSNM will review the Medicare Resource Based Relative Value System (RBRVS) updates and incorporate into our fee schedule. BCBSNM updates its Maximum Allowable Fee Schedule by making certain adjustments to the RBRVS RVUs and fees, while generally maintaining their relativity.
- Providers can request a rate review at any time by sending in a written rate proposal and explanation for the request. The Contractor will request financial modeling, review other similar contracted provider rates, and will review with management if needed and take into consideration location (rural / frontier) etc.

### **Reimbursement Rate Trends**

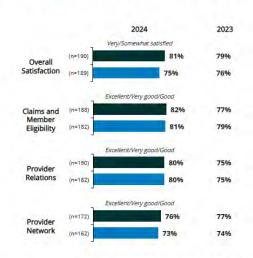

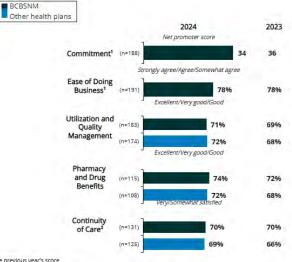

- Over the past few years, reimbursement rates have seen varying levels of change, often influenced by factors like healthcare policy shifts, inflation and market dynamics.
- In 2024 and again in 2025 the New Mexico Health Care Authority (HCA) implemented significant increases in Medicaid provider reimbursement rates.
- While these Medicaid rate increases are currently in effect, their permanence is uncertain. If these enhanced rates are sustained, they could influence commercial insurance reimbursement rates.
- Historically, Medicaid rates have been lower than commercial rates; however, with Medicaid rates now meeting or exceeding commercial levels, providers may advocate for higher reimbursements from commercial insurers to align with Medicaid's enhanced rates.

### Metrics for Contracting Success – 2024 Provider Satisfaction Survey

### **Composite scores - BCBSNM Retail**

#### 14 Indicates that the score is significantly higher or lower than the previous year's score.

Indicates that the score is significantly higher than the corresponding score when comparing results for BCBSNM vs. Other health plans.
 Providers were only asked to rate BCBSNM, therefore there are no comparison data for the Commitment and Ease of Doing Business composites.
 The Continuity of Care score includes only one measure, overall satisfaction with continuity of care.

Source: Provider Satisfaction Survey 2024; Press Ganey, HCSC Market Research

### **Metrics for Contracting Success Example – Commercial**

## Example – Rate Adjustments Based on Inflation or Market Conditions

- Ensuring payment rates keep pace with inflation, cost-of-living adjustments, or local market changes.
- Use the Consumer Price Index (CPI) for medical services as a benchmark for inflation adjustments.
- Monitor Medicare and Medicaid rate updates as a baseline, especially in New Mexico, where Medicaid rates were recently increased.

### **Network Adequacy Metrics**

Ensuring sufficient provider availability across specialties and regions.

#### Intermediate Demand category, seasonally adjusted (October 2024)

### Improvements

### Create a Value-Based Reimbursement Framework

- Fee-for-service models may not adequately incentivize quality care or efficient resource use.
- Transition some contracts to value-based payment models, such as bonuses for meeting quality or outcome metrics.
- Offer higher rates or shared savings for achieving goals like reduced hospital readmissions or preventive care milestones.
- Provide resources and training to help providers adapt to value-based care.

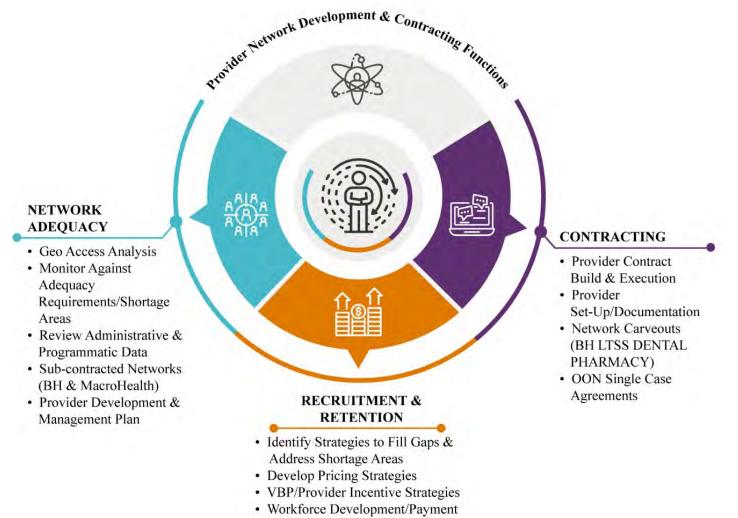

### **Expand Rural Incentives / Recruitment**

- Enhance reimbursement rates to offset these challenges.
- Offer grants to recruit additional providers.

# Presbyterian Provider Network Development

### **Provider Network Development Functions**

### Member Measures

- Formal Appeals & Grievances
- Informal Complaints
- Recovery/Resilience and Mental Health Statistical Improvement Project (MHSIP) Data

### Aggregate Measures

- GeoAccess
- Appointment Timeliness
- PCP to Member Ratios
- Provider Retention Rates
- Out-of-Network
   Utilization Rates

### Provider Measures

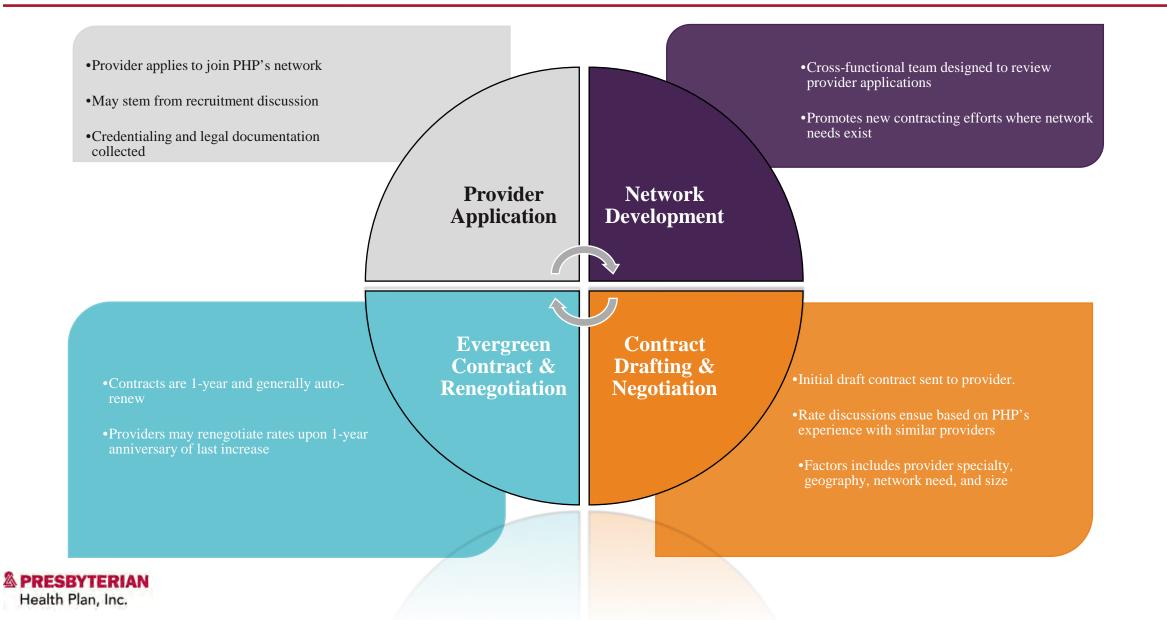

- Services Offered
- Provider Type (i.e., PCMH, CSA, FQHC, RHC, IHS, etc.)
- Length of Stay

### Outcome Measures

- Healthcare Effectiveness Data and Information Set (HEDIS)
- Consumer Assessment of Healthcare Providers and Services (CAHPS)
- Total Cost of Care Comparisons

### **Provider Contracting Process**

- PHP regularly re-negotiates reimbursement rates with providers. Over the last 3 years we have seen a 2.6% increase in payments per claim for our commercial and ASO business.
- Contract negotiations balance discussions on commercial and ASO increases with other payment increases providers have received through Medicare and Medicaid program payment updates.
- Through our provider engagement approach and contract negotiation process, we have consistently maintained a 99% contract retention rate over the last 3 years.
- Emerging from the pandemic, PHP saw increased requests to negotiate rates in 2023 as inflation spiked. Through this, we have been able to maintain measured consistency in provider contract rates while maintaining existing relationships.

### **Contract Metrics**

- 99% contract renewal/retention rate
- PressGaney Provider Satisfaction
  - $_{\circ}~$  89.4% overall satisfaction with Presbyterian Health Plan
- Rate adjustments are conducted as providers request negotiation.
  - $_{\circ}~$  2.6% increase in average payment per claim between 2022 and 2024
  - Factors include:
- Provider Specialty Geography Members Served Market Comparison
   Consumer Price Index Network Need Provider Sustainability Alternative Providers
- Presbyterian has multiple value agreements with providers that offer reimbursement for savings on Total Cost of Care and accountability for quality measures. These agreements are not tied to fee-for-service claims or adjustments to fee-for-service reimbursement but offer fixed bonuses for achievement.

### **Network Opportunities**

- Network groups continue to encounter challenges in recruiting new providers due to structural factors that include:
  - Professional liability insurance coverage and medical malpractice legal landscape
  - Concern over crime rates is frequently cited as a recruitment barrier
  - Opportunities for education pose challenges in recruiting providers with young families
- Provider salaries are typically cited as a recruitment factor following the challenges above. Several structural improvements are underway to address this factor:
  - Approximately 40% of New Mexicans are covered through the Medicaid program. These rates have historically been much lower than commercial contract rates. The New Mexico Health Care Authority has promoted a series of increases to Medicaid payments that have structurally lifted provider payments for this slice of the population. Continued increases in commercial contract rates alone designed to support provider wage competitiveness place employers in an unsustainable situation
- Continued expansion of value-based care models that promote in-office care and enhanced care delivery will
  offer additional funds to physician offices while continuing to address cost of care through waste reduction
  including ED diversion, pharmacy management, and overall wellness.

### Aetna – Accessing providers outside of New Mexico

### You've got this

Your online provider directory makes healthy simpler

Aetna.com/asa 1639969-01-01(11/22) Aetna Signature Administrators®

### www.Aetna.com/asa

Finding a doctor or other health care professional is an important part of staying healthy. Our online directory helps make it simpler. It offers you up-to-date information about providers — and it's available online, anytime.

#### **Provider details**

#### To visit our online directory, simply go to Aetna.com/asa and begin searching for a doctor using your location — ZIP, city, county or state. You can use either the general or category search to see provider details that typically include:

- Board certification
- Hospital affiliation
- Medical school/year of graduation
   Gender
- Website address (if available)
- Specialties
- Languages spoken

You can also see additional provider information that can include: participation information," other office locations, whether they're accepting new patients, maps, driving directions and more.

#### Additional features

You'll be able to find specialty care, too, by searching for a provider based on a condition like heart attack or MRI.

#### Narrowing your search

- Want to refine your search even further? Multiple options are available. You can easily:
- Filter by provider characteristics such as:
- Specialty
- Languages spoken
- Gender
- Board certification
- Hospital affiliation
- Accepting new patients

 Performance — high quality, cost-efficient care through Institutes of Excellence<sup>19</sup> (IOE), Institutes of Quality<sup>6</sup> (IOQ) and Gene-Based, Cellular and Other Innovative Therapies<sup>10</sup> (GCIT) facilities.

· Expand or reduce the geographic radius of your results

- Sort by best matched or distance
- View a map to see the locations of results and get driving directions
- · Print results

If you wish to view additional information about providers, detail pages are available (on selected providers).

\* Although listed, Sutter Health facilities and providers in Northern California may not be in network for all plans. Be sure to check with your human resources representative or call the number on the back of your ID card before making an appointment or being treated.

Aetna Signature Administrators is the brand name used for products and services provided by one or more of the Aetna group of subsidiary companies, including Aetna Life Insurance Company and its affiliates (Aetna).

Information is believed to be accurate as of the production date; however, it is subject to change. Providers are independent contractors and are not agents of Aetna. Provider participation may change without notice. Aetna does not provide care or guarantee access to health services.

### Aetna – Accessing providers outside of New Mexico

#### Website: <a href="https://www.phs.org/tools-resources/member/php-directory">https://www.phs.org/tools-resources/member/php-directory</a>

#### **GETTING CARE WHEN OUTSIDE OF NEW MEXICO**

All plans cover urgent care and emergency care services wherever you are, whether you are in or outside of New Mexico.

But, your plan may or may not have coverage for non-emergency care outside of New Mexico. Please call the Presbyterian Customer Service Center using the number on the back of your ID card. You can also review your plan materials to learn more about your plan's out-of-state coverage.

Whether you have out-of-state coverage or if you are paying out-of-pocket, it's a good idea to use our national healthcare provider network. To get services outside of New Mexico, members can search for a provider through our national network of medical providers or our national network of behavioral health providers.

#### National Network of Medical Providers
