10. A. 2024 PBM Market Check Results

Dr. Nura Patani with Segal presented the 2024 PBM Market Check Results. As a result of this check, there will be an amendment to the CVS Contract in the following agenda item. Dr. Patani explained that in 2022 NMPSIA engaged a new PBM and began working with CVS. This was a direct result of the RFP jointly conducted with the IBAC agencies and UNM. This contract includes a market check provision that allows NMPSIA to review pharmacy claims data and PBM pricing contracts and compare them to several other PBM pricing contracts negotiated in the past 12 months. This analysis provides benchmark expectations for available pricing improvements that could be obtained through a competitive PBM RFP process of approximately 2.7%. CVS estimates that NMPSIA could realize estimated pricing improvements of up to 2.1% or \$901,000. Dr. Patani confirmed CVS has agreed that the new pricing terms to be effective July 1, 2024 through June 30, 2026.

Ms. Donaldson highlighted items coming up in the 2024-2025 year, including Big Bid contract negotiations and plan design changes to address the budgeting and financial challenges. A transition plan was submitted to LFC on January 2 with SB16 and has since been added to the HCA website. HCA hopes to transform how New Mexico purchases health care, leveraging the purchasing power of Medicaid to improve cost, quality, and outcomes. There is still a resounding number of unknowns regarding how this will be accomplished. Secretary Armijo shared her interest in meeting with the IBAC agencies individually as well as being included in the IBAC meetings moving forward. The Executive Director from Retiree Health Care pointed out that The State of New Mexico would be next on the rotation to chair the committee.
